NOTIFICATION.

No. 2638A.—The 4th April 1916.—The following is substituted for rule 13 in Appendix VIII to the Rules for the Departmental Examination of Assistant Magistrates and others, dated the 14th September 1912 :—

Rule 13.—Assistant Engineers should, on arrival in the country, be employed in such a manner as will afford them the experience of work necessary to enable them to pass the examinations laid down in the preceding paragraphs. Cases may, however, occur in which, owing to the exigencies of the public service, illness, or want of time, or opportunity for convening a committee, an officer may not be able to pass the examinations in question within the prescribed period. In such cases an officer may, at the discretion of Government, be afforded a reasonable extension of time up to a limit of one year, and if he passes within this further period no penalty should be enforced and he may be granted by Government the reward admissible for passing the compulsory vernacular test within the prescribed period. In the event of an officer failing to pass the examinations within the extended period his increments should be withheld and arrears of increments so withheld should not, on his passing the examinations, be granted to him except in special cases when his failure to pass has been due to circumstances beyond his own control. Failure to pass the examinations within the prescribed period will not, however, affect the amount of an officer's salary when he has subsequently passed the examinations and he will then be entitled to the rate of pay corresponding to the length of his service.

An officer of under 12 years' service who is transferred from another province where a different vernacular is current from the one prescribed for Bengal to this Presidency, may, at the discretion of Government, be required to pass the Lower Standard in Bengali within two years and the Higher Standard in Hindi by the colloquial test within four years of such transfer; and should he fail to do so he will be liable to the loss of further increments, until he has passed.

No. 43 Marine.—It is hereby notified that, under section 6 of the Calcutta Port Act, 1890, the Hon'ble Mr. F. H. Stewart, C.I.E., of the Firm of Messrs. Gladstone, Wyllie & Co. has been re-elected as a representative of the Bengal Chamber of Commerce on the Calcutta Port Trust.

F. A. A. COWLEY,

Secy. to the Govt. of Bengal.

The 3rd April 1916.

No. 44 Marine.—In exercise of the power conferred by section 10 of the Indian Merchant Shipping Act, 1859 (1 of 1859), the Governor in Council proposes to make the following rule regarding the issue, during the war, of temporary certificates of competency as Second Mate of Foreign-going and Home Trade Ships:—

“Following the procedure of the Board of Trade, the Government of Bengal have decided to issue, during the war, temporary certificates of competency as Second Mate to candidates who have served three years at sea, and who pass the examination for a Second Mate's certificate. The certificate issued will be marked “temporary” and will be valid only until three months after the termination of the present hostilities.

All the provisions of the Regulations for the examination of Masters and Mates issued by this Government which apply to the examination for a Second Mate's certificate, other than the requirement as to four years' service at sea, will apply equally to the examination for a temporary Second Mate's certificate. Two years on a training ship followed by two years' service at sea will, therefore, qualify a candidate for examination for a temporary Second Mate's certificate.

On the completion of the service at sea required by the existing Regulations, the holder of a temporary Second Mate's certificate can exchange this certificate for a full Second Mate's certificate.”

Any objections or suggestions with regard to the draft rule received by the undersigned within one month from the date of publication, will be duly considered.

LIST OF BUSINESS—ITEM No. 1.**STARRED QUESTIONS**

By the Hon'ble CHAUDHURI MUHAMMAD ISMAIL KHAN :—

Calcutta to
Barisal Railway
Scheme.

*1. Will the Government be pleased to state what recommendations they have made, or are going to make, to the Imperial Government in connection with the proposed Calcutta to Barisal Railway extension scheme?

The Hon'ble Mr. GREEN replied :—

"A copy of the project report and estimates of the proposed Khulna-Barisal-Faridpur Railway has been received from the Railway Board for an expression of the views of this Government on the alignment, waterways, etc., proposed for the line. This Government are still examining the very difficult problems which are involved and have not yet found themselves in a position to express a final opinion."

By the Hon'ble BABU SURENDRA NATH RAY :—

Extension of the
scope of the Cal-
cutta Fire Brigade.

*2. (a) Has the attention of Government been drawn to a recent case of fire in the Khurdah Jute Mills and the inability of the Calcutta Fire Brigade to render any help on account of a rule which restricts its operation to a radius of six miles from the Central Fire Station?

Questions and Answers.

Mr. De ; Raja Hrishikesh Laha ; Mr. Green ; Babu N. L. Ray ; Mr. Kerr.

(b) Are the Government considering the desirability of modifying the rules in order to bring the Mills on both sides of the river Hooghly up to Naihati on the east and Telinipara on west of that river within the scope of the Calcutta Fire Brigade?

The Hon'ble Mr. DE replied :—

“(a) Information was received by the Calcutta Fire Brigade on the evening of the 3rd March, 1916, that a fire had broken out at the Khurdah Jute Mill. The Fire Brigade were unable to send appliances as the fire was at a considerable distance beyond the radius of 6 miles within which they are authorised to attend, under Notification No. 1850 T.M., dated the 25th August, 1915. The Chief Officer, a station officer and twelve khalsies visited the scene of the fire during the night.

(b) Government have under consideration the revision of the rules framed from time to time under section 31 of the Licensed Warehouse and Fire Brigade Act, and will be prepared to sanction the extension of the radius of action of the Calcutta Fire Brigade so far as is possible without disproportionate increase in capital and recurring expenditure. They are advised that with due regard to these considerations there is little chance of the radius being extended at present to the limits suggested by the Hon'ble Member. The cutting mills must look for protection against fire to the efficiency of their own fire-drill and appliances.”

By the Hon'ble RAJA HRISHIKESH LAHA :—

* 3. (a) Will the Government be pleased to state what progress has been made with the Bongong-Satkira broad-gauge railway scheme to which His Excellency referred in his speech in reply to the address of the District Board of Khulna on the occasion of his last visit there and to which sanction has been accorded by the Government?

Bongong-Satkira broad-gauge railway scheme.

(b) Is it a fact that the inhabitants of the subdivision of Satkhira have long desired to be connected by rail with the Eastern Bengal Railway, Central Section?

(c) Are the Government aware that such connection would open up a large part of the district of Khulna?

(d) Are the Government experiencing any difficulties in carrying out the sanctioned scheme of the Bongong-Satkira broad-gauge railway?

(e) If so, are the Government considering the advisability of accepting some other arrangement on the guarantee basis?

The Hon'ble Mr. GREEN replied :—

“(a) The question of the construction of a railway between Bongong and Satkhira is still under consideration by the Railway Board.

(b) Yes.

(c) Yes.

(d) & (e) The Hon'ble Member is referred to the reply to (a) above.”

By the Hon'ble BABU UPENDRA LAL RAY :—

* 4. Are the Government considering the desirability of making the appointments in the Provincial Judicial Service by rotation as is done in the case of appointments to the Provincial Executive Service?

Appointments in the Provincial Judicial Service.

The Hon'ble Mr. KERR replied :—

“The answer is in the negative.

Under the provisions of the Bengal, Agra and Assam Civil Courts Act, 1887 (XII of 1887), the Local Government are bound to appoint any one nominated by the High Court.”

The Hon'ble Mr. Beatson Bell presented the Budget of the Government of Bengal for 1916-17.

*Budget.***BUDGET OF THE GOVERNMENT OF BENGAL,
1916-17.**

FINANCIAL DEPARTMENT.

FINANCE.

Calcutta, the 25th March 1916.

MEMORANDUM.

IN accordance with Rule 33 (1) of the Bengal Legislative (Financial Statement) Rules, 1912, published with Notification No. 4482 F., dated the 10th December 1912, the Budget will be presented to the Council on the 27th March 1916.

2. No change has been made in the figures as included in the Revised Financial Statement. An Appendix C has been added, as usual, to show the transactions of District Boards and the District Road Fund (Darjeeling), although this does not form part of the Provincial Budget proper.

3. The Members in charge of the different departments would be much obliged, if, in accordance with the practice in previous years, Hon'ble Members will give as early intimation as possible of any points which they may desire to raise, in order that information may be collected regarding them.

N. D. BEATSON BELL.

*Budget.***BUDGET OF THE GOVERNMENT OF BENGAL, 1916-17.****PART I.—General Review.****(1) ACCOUNTS FOR 1914-15.**

IN the revised estimate for 1914-15, which was laid before the Council on the 27th March 1915, the receipts of the year were taken at Rs. 6,20,06,000 and the charges at Rs. 6,56,86,000, while the estimated closing balance was Rs. 2,81,31,000. The accounts of the year, which have now been finally closed, show that the actual receipts amounted to Rs. 6,22,09,895 and the charges to Rs. 6,67,60,684, and the closing balance was Rs. 2,72,60,323. The receipts were thus better by Rs. 2,03,895, this improvement having occurred chiefly under Provincial Rates (Rs. 60,453), due to realization of arrear Public Works Cess; Income Tax (Rs. 42,305), owing to the continued prosperity of banks and industrial concerns in 1913-14; Jails (Rs. 1,03,256) on account of larger supplies of gunnies and other manufactures to the Military and other departments; and Civil Works in charge of the Public Works Department (Rs. 92,750), owing to the sale of the old Presidency Jail buildings and the surplus profits of the Darjeeling-Himalayan Railway. The actual charges were also higher by Rs. 10,74,684, chiefly under Refunds and Drawbacks (Rs. 36,906), due to heavy refund of license fees for Excise shops towards the closing months of the year, and refund of Public Works Cess; Courts of Law (Rs. 74,200), on account of larger payments to pleaders and counsel in political cases; Education (Rs. 6,84,022), chiefly caused by the payment of Rs. 1,59,000 to the Calcutta University, being the unspent balance of the eight lakhs grant sanctioned for the acquisition of the fish market adjoining the University buildings, and by the payment of arrear salaries consequent on promotions to the Provincial and Subordinate Educational Services being sanctioned from 1912-13; and Civil Works in charge of the Public Works Department (Rs. 8,81,625), due to larger expenditure in the latter part of the year and larger advance collection of road metal.

(2) REVISED ESTIMATE, 1915-16.

2. The revised estimate for 1915-16 as now passed, on the basis of the actuals of the first nine, ten or in some cases eleven, months of the current year, is compared below with the sanctioned estimate for the year :—

	Sanctioned estimate.	Revised estimate.	Better (+) or worse (-).
	Rs.	Rs.	Rs.
Opening balance ...	2,81,31,000	2,72,60,000	- 8,71,000
Revenue receipts ...	5,61,40,000	5,68,16,000	+ 6,76,000
Transfers between Imperial and Provincial Revenues ...	+ 56,67,000	+ 58,15,000	+ 1,48,000
Total receipts ...	6,18,07,000	6,26,31,000	+ 8,24,000
Grand Total ...	8,99,38,000	8,98,91,000	- 47,000
Total expenditure ...	6,58,29,000	6,40,01,000	+ 18,28,000
Closing balance ...	2,41,09,000	2,58,90,000	+ 17,81,000

Budget.

3. The increase under Transfer between Imperial and Provincial Revenues is due to the following additional assignments :—

	Rs.
Additional assignment for forms, etc., for the Assam Administration	+81,000
Assignment for forms, etc., for Bihar and Orissa	+45,000
Assignment to Bihar and Orissa in connection with training of shoals in the Ganges ...	-10,000
Reduction in the assignment from Bihar and Orissa in connection with fishery experiments	-7,000
Additional assignment in connection with scientific research by Dr. J. C. Bose ..	+31,000
Assignment for Archæological works	+8,000
Total ..	<u>+1,48,000</u>

4. The increase of revenue is the net result of increases under some heads and decreases under others. The improvements aggregate Rs. 24,21,000 ; and are chiefly under the following heads :—

Land Revenue—(Rs. 3,31,000), due to better collections of ordinary revenue and collections from Government estates owing to improvement in the jute trade, and to the sale of certain khas mahal lands to the Calcutta Improvement Trust.

Stamps—(Rs. 9,50,000), due to larger sales of both general and court-fee stamps owing to the partial recovery of trade as well as the opening of the Share Market which remained closed during the last few months of 1914-15.

Provincial Rates—(Rs. 1,15,000), due to collection of arrear Public Works Cess for 1912-13 and preceding years.

Income Tax—(Rs. 3,50,000), due to better collections from banks and industrial concerns than expected last year.

Registration—(Rs. 1,00,000), due to an increase in the number of registrations owing to the effects of flood and scarcity in certain tracts and the rise in prices.

Jails—(Rs. 1,73,000), due to larger supplies to the Military Department.

Scientific and Miscellaneous Departments—(Rs. 1,67,000), chiefly under Cinchona plantation on account of larger sales of quinine.

Civil Works in charge of the Public Works Department—(Rs. 1,75,000), mainly due to adjustment of the value of racks dismantled from the Secretariat buildings at Dacca and to the sale-proceeds of the Calcutta Police Office buildings.

The decrease, on the other hand, amounts to Rs. 17,45,000, and is mainly under the following heads :—

Excise—(Rs. 10,00,000), due to smaller consumption owing to high prices of food-grains, to scarcity in some areas and to economic conditions arising from the war.

Forests—(Rs. 3,25,000), caused by the slump in trade on account of the war and shortage in sales of timber in the Sunderbans, Jalpaiguri and Buxa on account of bad market conditions.

Courts of Law—(Rs. 73,000), mainly under General fees, fines and forfeitures.

Ports and Pilotage—(Rs. 2,05,000), due to smaller receipts from pilotage in the Port of Calcutta owing to the effect of the war on shipping.

Miscellaneous—(Rs. 60,000), chiefly under unclaimed deposits.

5. On the expenditure side the revised estimate shows a total decrease of Rs. 35,05,000, which is mainly under the following heads :—

Land Revenue—(Rs. 1,29,000), due to savings in the grants for salaries and Survey and Settlement charges and in the grant for the improvement of Government estates owing to the enforcement of economy.

Forests—(Rs. 46,000), mainly to curtailment of expenditure on communications, buildings and improvements, etc.

Budget.

Ports and Pilotage—(Rs. 71,000), due to the dislocation of seaborne trade which reduced the earnings of pilots.

Education—(Rs. 16,01,000), due to savings in the Imperial grants for both recurring and non-recurring expenditure.

Medical—(Rs. 8,61,000), due to savings in the grant for works of sanitary improvement and non-utilization of the grant for equipment of the School of Tropical Medicine, and the transfer of a portion of the grant for sanitation to the heads Civil Works in charge of civil officers and the Public Works Department.

Scientific and Miscellaneous Departments—(Rs. 41,000), due to savings in the grants (1) for supplies and services of the Cinchona Factory, (2) for Inspector of Factories, (3) for fishery experiments, and (4) for the charges of the Registrar of Joint Stock Companies.

Superannuation—(Rs. 2,56,000), due to smaller payments for commutation of pensions and savings in the grant for retired allowances.

Stationery and Printing—(Rs. 70,000), due to savings partly in the Government presses and partly under stationery supplied from Central Stores.

Miscellaneous—(Rs. 3,58,000), chiefly due to the transfer of charges for grain allowance to the different departments by re-appropriation from the lump provision, and partly to the adjustment of grants made by His Excellency to the appropriate heads.

On the other hand, there was a total increase of expenditure of Rs. 16,77,000, of which the most noticeable items are :—

Courts of Law—(Rs. 4,16,000), due to larger payments to pleaders and counsel in connection with political and other cases and to charges under the Defence of India Act.

Jails—(Rs. 2,36,000) on account of increased expenditure under rations and larger purchase of raw materials for the manufacture of supplies to the Military Department.

Police—(Rs. 4,91,000), due to the debit of grain allowance charges by transfer from 32—Miscellaneous, and to larger expenditure on Supplies and Services and Contingencies of the District Police.

Civil Works in charge of the Public Works Department—(Rs. 3,12,000), due to additional grants sanctioned for land acquisition and construction of buildings, for the Dacca University, Baker Hostel and Calcutta University Institute, and other works.

Civil Works in charge of the Civil Department—(Rs. 47,000), due to grants to local funds for works of sanitary improvements by transfer from Medical.

6. The net result of these changes is that the closing balance of 1915-16, which was estimated in March last at Rs. 2,41,09,000, is now placed at Rs. 2,58,90,000. The increase is chiefly due to smaller expenditure under Education, Medical and Superannuation as mentioned above, and partly to the special assignments mentioned in paragraph 3 and to increase of revenue under Stamps, Income Tax and Land Revenue.

(3) BUDGET ESTIMATE, 1916-17.

7. The opening balance of 1916-17 is the closing balance of 1915-16, and is therefore Rs. 2,58,90,000.

8. The estimates of the year as approved by the Government of India adopt Rs. 6,20,04,000 as receipts and Rs. 6,17,97,000 as expenditure, and

Budget.

a closing balance of Rs. 2,60,97,000. A portion of the closing balance is earmarked for the following special expenditure :—

	Rs.
Minimum balance	20,00,000
Balance of discretionary grant	6,97,000
Balance of the Imperial grant for the reorganization of subordinate police and river police in Eastern Bengal (non-recurring) ...	10,77,000
Balance of the Imperial grant for the School of Tropical Medicine	13,000
Balance of the Imperial grant for Sanitation ...	55,20,000
Ditto ditto ditto Education ...	94,63,000
Ranchi Lunatic Asylum	25,00,000
Amount earmarked for Provincial equipments for three years as promised	24,00,000
Grant promised to the Belgachia Hospital ...	5,00,000
Total ...	2,41,70,000
 This leaves a free balance, which could be spent in future years, of	 19,27,000
Total ...	2,60,97,000

9. In the exceptional circumstances of the present year it has been found impossible to provide for the regrant of all the unexpended balances of the Imperial grants for Education, Sanitation, Police and the Discretionary grant. Under the orders of the Government of India the budget has been prepared on the principle that the Provincial balances would not be available for expenditure in 1916-17, while the total expenditure must be kept within the estimated revenue. The departmental budgets were, therefore, pruned to the utmost extent and no proposals for expenditure that could safely be postponed were admitted. The expenditure heads accordingly only provide for current normal expenditure and unavoidable expansion. Even the recurring grant for Education, which included the provision for the Dacca University (5 lakhs recurring and one lakh non-recurring for five years) has been omitted and a provision of 2½ lakhs only has been made in the budget for grants for sanitary improvements against 9½ lakhs, the recurring allotment. The total estimated charges for 1916-17, however, amount to Rs. 6,17,97,000, which is less than the income by Rs. 2,07,000; and provision has been made for the following noticeable non-recurring items :—

	Rs.
Grant for gratuitous relief	2,25,000
Non-recurring grant to the Police Department for Police buildings, etc., in connection with the reorganization of the Eastern Bengal Police and River Police (including works in progress)...	1,58,670
Non-recurring grant to the Education Department for expenditure on buildings (works in progress)	71,000
Salaries, establishment and other charges for the Press Censors	45,000
Charges under the Defence of India Act	1,00,000
Extra expenses for manning the steamer <i>Guide</i> while employed on station duty at Port Blair ...	20,000
Grant to the Calcutta University for hostels, being the unspent balance of the ten lakhs sanctioned by the Government of India	50,000
Additional grant to the Calcutta University to be given from the Provincial revenues	2,23,000

10. A schedule is attached showing the new schemes costing individually more than Rs. 5,000 in any one year which have been included in

Budget.

the budget. The non-recurring charges on account of these schemes amount to Rs. 3,19,133 and the recurring charges to Rs. 5,25,371. The budget includes, in addition, the following new items of a more or less petty nature :—

11. Appendix C shows the transactions of District Funds and District Road Fund, Darjeeling. This statement does not form any part of the Provincial Budget, but is annexed thereto for convenience of reference.

PART II.—Detailed remarks on the Budget for 1916-17.**RECEIPTS.**

12. *Land Revenue.*—The total collections in 1914-15 amounted to Rs. 2,82,67,073, and the estimate for 1916-17, as passed by the Government of India, is Rs. 2,97,99,000 against Rs. 2,92,28,000, the revised estimate for 1915-16. The estimate includes Rs. 22,78,000 for recoveries of Survey and Settlement charges against Rs. 13,75,000, provided on the same account in the revised estimate for 1915-16.

13. The estimated Provincial share of Land Revenue is calculated thus :—

	Estimate, 1915-16. Rs.	Revised estimate, 1915-16. Rs.	Estimate, 1916-17. Rs.
Gross Land Revenue ...	2,91,49,000	2,92,28,000	2,97,99,000
<i>Deduct</i> —Estimated collections from Government Estates (wholly Provincial) ...	44,37,000	46,00,000	45,00,000
<i>Deduct</i> —Recoveries of cost of maintenance of boundary pillars (wholly Provincial)		3,000	4,000
<i>Deduct</i> —Recoveries of Survey and Settlement Charges (wholly Imperial) ...	17,92,000	13,75,000	22,78,000
Total deduction ...	62,29,000	59,78,000	67,82,000

Budget.

	Estimate, 1915-16. Rs.	Revised estimate, 1915-16. Rs.	Estimate, 1916-17. Rs.
Net amount divisible between Imperial and Provincial revenues	2,29,20,000	2,32,50,000	2,30,17,000
Provincial share, one-half ...	1,14,60,000	1,16,25,000	1,15,08,000
Add—Collections from Gov- ernment Estates (wholly Provincial)	44,37,000	46,00,000	45,00,000
Add—Recoveries of cost of maintenance of boundary pillars (wholly Provincial)		3,000	4,000
Total Provincial receipts	1,58,97,000	1,62,28,000	1,60,12,000

14. *Stamps.*—The Budget estimate of the total revenue from Stamps for 1915-16 was passed by the Government of India at Rs. 2,03,00,000. The actuals in 1914-15 amounted to Rs. 2,02,68,265, while those in the first eleven months of 1915-16, exclusive of receipts on account of unified stamps used as receipt stamps, exceeded the figures of the corresponding period of the preceding year by Rs. 17,51,000. In view of these figures and in consideration of further adjustment between the Postal and the Stamp Departments of receipts from the sale of unified stamps, the revised estimate for 1915-16 has been provisionally placed at Rs. 2,22,00,000. On account of the large increase anticipated in 1915-16, it is not safe to provide for a large increase in 1916-17; and since the sale of court-fee stamps in Calcutta will be affected by the creation of the new Patna High Court, allowance has been made for a small increase of two lakhs and the estimate for 1916-17 has been placed at Rs. 2,24,00,000. The Provincial share is one-half and amounts to Rs. 1,11,00,000 for 1915-16 and Rs. 1,12,00,000 for 1916-17.

15. *Excise.*—The total collections under this head in 1914-15 amounted to Rs. 1,53,74,624 and the estimate for 1915-16 was passed by the Government of India at Rs. 1,60,00,000. The actuals in the first eleven months of 1915-16 show a decrease of Rs. 4,45,000 as compared with those of the corresponding period of the preceding year, and the revised estimate for 1915-16 has been placed at Rs. 1,50,00,000. The revenue under this head depends mostly on the economic condition of the people. This has been largely affected by the war. The jute trade has been slightly better than during the last year, but agricultural distress has occurred in some districts owing to drought or flood. During the continuance of the war the receipts under this head are not expected to rise and the estimate for 1916-17 was provisionally passed for the same amount as the revised estimate for 1915-16. But the new taxation on liquors recently imposed will bring in an increase of Rs. 50,000 in 1916-17 and the total estimate has been placed at Rs. 1,50,50,000. The receipts under this head are wholly Provincial.

16. *Provincial Rates.*—The collections from the Public Works cess have been surrendered to District Boards since the year 1913-14, but the arrears of 1912-13 and the preceding year are still under collection. They amounted to Rs. 1,15,416 in the first ten months of 1915-16 and are expected to be Rs. 1,25,000 by the close of the year. Nothing is expected to be left for collection in 1916-17. Under General Rates for the management of private estates the estimate for 1915-16 is Rs. 1,10,000, but in view of the decrease in the collections in the first nine months of the current year, the revised estimate has been placed at Rs. 1,00,000 and the estimate for 1916-17 at Rs. 1,04,000.

17. *Income Tax.*—The receipts under this head in 1914-15 amounted to Rs. 69,84,610 and the estimate for 1915-16 as passed by the Government of India was Rs. 61,00,000. The actual collections in the first eleven months of 1915-16, however, show a decrease of

Budget.

Rs. 1,40,000, as compared with those of the corresponding period of last year; and the revised estimate for 1915-16 has been placed at Rs. 68,00,000. Owing to the continuance of the war, the conditions of trade are unfavourable and no increase in collections can be expected next year, as the assessment for 1916-17 will be based on the profits of 1915-16. The estimate for 1916-17 was originally passed for Rs. 66,00,000, but additional taxation imposed by the Government of India as shown below is expected to bring in an increase of revenue of Rs. 40,80,000 and the total estimate for 1916-17 has now been placed at Rs. 1,06,80,000. The Provincial share is one-half and amounts to Rs. 34,00,000 for 1915-16 and Rs. 53,40,000 for 1916-17 :—

Incomes from Rs. 5,000 to Rs. 9,999 a year will pay 6 pies in the rupee instead of 5 pies.

Incomes from Rs. 10,000 to Rs. 24,999 a year will pay 9 pies in the rupee instead of 5 pies.

Incomes of Rs. 25,000 a year and above will pay one anna in the rupee instead of 5 pies.

18. *Forests.*—The budget estimate for 1915-16 was Rs. 14,50,000 against Rs. 13,04,496, the actuals of 1914-15. The actual collections in the first eleven months of 1915-16 show a large decrease of Rs. 1,47,000 as compared with those of the corresponding period of the previous year, and the revised estimate has been placed at Rs. 11,25,000. The decrease is chiefly due to shortage in sales of timber in the Sundarbans and reduced sales owing to the war. The estimate for 1916-17 has been placed at Rs. 11,50,000, as increased sales are expected in Buxa, Jalpaiguri and the Sundarbans.

19. *Registration.*—The receipts under this head in 1914-15 amounted to Rs. 18,12,868 and the estimate for 1915-16 was passed by the Government of India for Rs. 19,00,000. The actual collections in the first ten months of 1915-16 show an increase of Rs. 1,70,292, as compared with those of the corresponding period of the previous year; agricultural distress in certain districts has increased registrations, and the revised estimate has been placed at Rs. 20,00,000, and, in consideration of a probable increase of Rs. 50,000, the estimate for 1916-17 has been passed for Rs. 20,50,000.

20. *Interest.*—The estimate of loans, as submitted to the Government of India, provides for a return in the way of interest during 1916-17 of Rs. 6,40,000 against Rs. 5,13,000, the revised estimate for 1915-16, as shown below :—

	Revised estimate, 1915-16. Rs.	Estimate, 1916-17. Rs.
Interest on advances to cultivators, etc.	1,02,000	1,40,000
Interest on advances to Co-operative Credit Societies	2,000	2,000
Interest on drainage and embank- ment advances	1,000	10,000
Interest on loans to landholders	1,92,000	2,08,000
" " " to municipalities and District Boards, etc.	2,16,000	2,80,000
Total	5,13,000	6,40,000
Miscellaneous	23,000	14,000
GRAND TOTAL	5,36,000	6,54,000

Budget.

The increase under "Interest on loans to Municipalities and District Boards" is due to the anticipated realization of interest from the District Board of the 24-Parganas on the Magra Hât Drainage loan; this work has now been completed. The revised estimate under "Miscellaneous" includes Rs. 10,000 for interest on arrears of Public Works Cess not yet paid.

21. *Law and Justice—Courts of Law.*—The total collections in 1914-15 under this head amounted to Rs. 8,60,139 and the estimate for 1915-16 was passed by the Government of India at Rs. 9,13,000. The actuals in the first ten months of 1915-16 show a decrease of Rs. 12,914, chiefly under "General fees and fines, etc.," and the revised estimate for 1915-16 has been placed at Rs. 8,40,000. The estimate for 1916-17 is Rs. 8,30,000. The decrease is due to the transfer of a portion of the fees and miscellaneous receipts of the High Court, Calcutta, to the new Patna High Court.

22. *Jails.*—The actuals in 1914-15 amounted to Rs. 8,34,256 and those in the first ten months of 1915-16 show an increase of Rs. 1,26,694 over those of the corresponding period of last year, chiefly on account of larger supplies to the Military Department. The budget estimate for 1915-16 has accordingly been raised from Rs. 7,60,000 to Rs. 9,33,000. As it is not anticipated that the supplies to the Military Department will continue to be as large during the coming year, the estimate for 1916-17 has been placed at Rs. 8,02,000.

23. *Police.*—The actuals in 1914-15 amounted to Rs. 1,77,419 and the receipts in the first nine months of 1915-16 show a decrease of Rs. 23,114, chiefly under Miscellaneous and Presidency Police, due to fewer supplies to private persons, and the revised estimate has been reduced from Rs. 1,86,000 to Rs. 1,57,000. The estimate for 1916-17 is Rs. 1,67,000.

24. *Ports and Pilotage.*—The budget estimate for 1915-16 was Rs. 16,20,000 against Rs. 15,52,988. the actuals of 1914-15. The actuals of the first ten months of 1915-16 show a decrease of Rs. 1,29,118 as compared with those of the corresponding period of last year, chiefly under Calcutta Pilotage Receipts due to a reduction in the number of vessels entering and leaving the Port of Calcutta in consequence of the dislocation of trade caused by the war. In view of this decrease the revised estimate for 1915-16 has been placed at Rs. 14,15,000 and the estimate for 1916-17 at Rs. 14,25,000.

25. *Education.*—The budget estimate for 1915-16 was Rs. 8,86,000 against Rs. 8,47,110, the actuals of 1914-15. The actual collections in the first nine months show an increase of Rs. 27,302 as compared with those of the corresponding period of last year, chiefly under "Schools general," owing to the opening of the residential school at Hastings House, and the revised estimate has been placed at Rs. 8,77,000. The estimate for 1916-17 has been passed at Rs. 9,05,000 and includes larger collections from schools—General and Special, but chiefly from the above mentioned school.

26. *Medical.*—The actuals in 1914-15 amounted to Rs. 3,94,558, but the collections in the first nine months of 1915-16 show a decrease of Rs. 32,822, chiefly under "medicines sold by Civil Surgeons, and hospital receipts." The budget estimate for 1915-16 has therefore been reduced from Rs. 3,80,000 to Rs. 3,59,000 in the revised estimate. The estimate for 1916-17 has, however, been placed at Rs. 3,81,000 as larger receipts are expected from contributions. The Indian Research Fund Association has promised a grant of Rs. 1,000 per month for the establishment, etc., employed in the investigation into the causation and prevalence of diabetes in India by Major D. McCay, I.M.S., Professor of Physiology, Medical College, Calcutta.

27. *Agriculture.*—The budget estimate for 1915-16 was Rs. 82,000, but the actuals in 1914-15 were Rs. 71,678 and those in the first nine months of 1915-16 show an increase of Rs. 16,841 over those of the corresponding period of last year; the revised estimate for 1915-16 has therefore been placed at Rs. 84,000. The estimate for 1916-17 has been passed

Budget.

at Rs. 91,000 and provides for a growth in the revenue from agricultural farms, especially the Rangpur farm.

28. *Scientific and Miscellaneous Departments.*—The estimate for 1915-16 was Rs. 3,53,000 against Rs. 4,61,291, the actuals of 1914-15. The collections from the sale of cinchona and its preparations in the first nine months show an increase of Rs. 47,020 over those of the corresponding period of the previous year and the revised estimate for 1915-16 has been raised to Rs. 5,20,000. The estimate for 1916-17 amounts to Rs. 5,22,000.

29. *Receipts in aid of Superannuation.*—The estimate for 1915-16 was Rs. 40,000, but in view of the actuals of 1914-15 amounting to Rs. 58,567 and those of the first nine months of 1915-16 amounting to Rs. 37,793, the revised estimate for the current year has been placed at Rs. 57,000. The estimate for 1916-17 has, however, been placed at Rs. 56,000.

30. *Stationery and Printing.*—The actuals in 1914-15 amounted to Rs. 1,49,604, while the budget for 1915-16 was Rs. 1,32,000. This has been reduced to Rs. 1,16,000 in the revised estimate with reference to the actuals of the first nine months of the current year, which show a decrease of Rs. 31,309 as compared with those of the corresponding period of the previous year. The estimate for 1916-17 has been passed at Rs. 1,27,000.

31. *Miscellaneous.*—The estimate under this head was Rs. 6,90,000 (including Rs. 5,80,000 from unclaimed deposits) against Rs. 6,71,057, the actuals of 1914-15. In the revised estimate the budget has been reduced to Rs. 6,30,000 as the total unclaimed deposits in 1915-16 are not expected to exceed Rs. 5,25,000. The estimate for 1916-17 has been passed for Rs. 6,52,000 and includes Rs. 5,50,000 for unclaimed deposits.

32. *Irrigation, Major Works (Direct Receipts).*—The estimate for 1915-16 was Rs. 2,40,000 against Rs. 2,53,962, the actuals of 1914-15. The actual collections in the first ten months of 1915-16 show an increase of Rs. 7,000, and both the revised estimate for the current year and the estimate for 1916-17 have been placed at Rs. 2,57,000. The Provincial share is one-half and amounts to Rs. 1,29,000.

33. *Irrigation—Minor Works and Navigation in charge of the Public Works Department.*—The estimate for 1915-16 was Rs. 5,70,000 against Rs. 4,86,466, the actuals of 1914-15, and Rs. 5,65,040, those of 1913-14. The actual collections in the first nine months of 1915-16 show an increase of Rs. 1,03,248 as compared with the figures of the corresponding period of 1914-15. A large increase is expected from the Madaripur Bhil route, and both the revised estimate for the current year and estimate for 1916-17 have been passed at Rs. 6,20,000. The Provincial share (one-half) is Rs. 3,10,000.

34. *Civil Works in charge of the Public Works Department.*—The budget estimate for 1915-16 was Rs. 4,25,000. The actual collections of the first nine months of 1915-16 show an increase of Rs. 35,965 over those of the corresponding period of last year. The increase is due to the adjustment of the value of racks dismantled from the Secretariat buildings at Dacca. The market value of these racks was credited to this head by debit to stock. There is also a special receipt of Rs. 35,000 from the sale of the Lal Bazar Police buildings which have been demolished and sold. The revised estimate for 1915-16 has accordingly been placed at Rs. 6,00,000 against Rs. 5,62,750, the actuals of 1914-15. The estimate for 1916-17 is Rs. 4,30,000.

EXPENDITURE.

36. *Refunds and Drawbacks.*—The total Provincial expenditure in 1915-16 was originally estimated at Rs. 1,41,000, but in view of the actuals of the first nine months of the year this has been raised to Rs. 1,82,000 in the revised estimate for the year against Rs. 2,00,906, the actuals of 1914-15. The increase is due to special refunds of license fees of excise shops in Calcutta. The budget for 1916-17 has been passed at Rs. 1,50,000 based, as usual, on the average actuals of the past three years, excluding special payments.

37. *Assignments and Compensations.*—The estimate for 1915-16 was Rs. 42,000, but this has been reduced to Rs. 31,000 in the revised estimate with reference to the actuals of 1914-15, amounting to Rs. 34,273,

Budget.

and the actuals of the first nine months of 1915-16 showing a decrease of Rs. 5,528. The budget for 1916-17 has been placed at Rs. 35,000. The variations are under *Malikana*, which is always an uncertain item.

38. *Land Revenue*.—The total provincial expenditure for 1916-17 is estimated at Rs. 34,52,000 against Rs. 35,37,000, the revised, and Rs. 36,66,000 the budget estimate for 1915-16, as shown below:—

	1915-16.		1916-17.
	Budget.	Revised.	Budget.
	Rs.	Rs.	Rs.
(1) Charges of District Administration ...	28,48,000	27,98,000	28,18,000
(2) Charges on account of Land Revenue collections ...	24,000	14,000	15,000
(3) Management of Government Estates ...	5,28,000	4,98,000	4,49,000
(4) Survey and Settlement...	2,00,000	1,62,000	1,00,000
(5) Land Records ...	66,000	65,000	70,000
Total ...	36,66,000	35,37,000	34,52,000

The decrease in the revised under (1) is due to savings under Salaries. The estimate for 1916-17 includes provision for one additional Magistrate, three Joint-Magistrates and eight Assistant Magistrates; additional grants for travelling allowances of officers and for diet and travelling allowances to witnesses. The decrease under (3) is on account of a reduced grant for improvements in Government estates, and that under (4) is due to postponement of new operations.

39. *Stamps*.—The sanctioned estimate for 1915-16 was Rs. 6,05,000, which has been raised to Rs. 6,30,000 in the revised owing to larger issues of stamp paper from the Central Stores following the increase of sales. The budget for 1916-17 is Rs. 6,96,000 and provides for larger issues of stamp paper and discount for the sale of general stamps. It also includes the pay of the newly appointed Probate officer in the Calcutta Collectorate. The charges of this Department are divided equally between the Imperial and Provincial revenues, and the Provincial shares amount to Rs. 3,15,000 and Rs. 3,48,000, respectively.

40. *Excise*.—The estimate for 1916-17 is Rs. 8,39,000 as compared with Rs. 8,03,000, the revised estimate for 1915-16, and Rs. 7,17,585, the actuals of 1914-15. The increase in 1915-16 over the preceding year is due to the reorganization of the Department and its amalgamation with the Salt Department. Under the present arrangement the expenditure of the two Departments is being debited to this head in the first instance and a fixed sum of two lakhs will be transferred to the head "5—Salt—(Imperial)" at the end of the year. Full provision has been made in the budget for the revised establishment, but a saving has been anticipated as the full number of officers will not be entertained during the year.

41. *Income Tax*.—The budget estimate for 1915-16 was Rs. 1,52,000 and this has been repeated as the estimate for 1916-17. The revised estimate for 1915-16 has, however, been placed at Rs. 1,54,000 with reference to the actuals of the first nine months. The increase has been caused by the payment of leave allowances in Calcutta. The Provincial share (one-half) is Rs. 76,000 for 1916-17 and Rs. 77,000 for 1915-16.

42. *Forests*.—The estimate for 1915-16 was Rs. 6,66,000, but in the revised estimate this has been reduced to Rs. 6,20,000 with reference to the actuals of the first nine months. The decrease is due to curtailment of expenditure on communications and buildings. The budget for 1916-17 is Rs. 6,54,000 and includes Rs. 4,000 for the purchase of an elephant for the Chittagong Hill Tracts Division to replace a casualty.

43. *Registration*.—The estimate for 1915-16 is Rs. 11,23,000, but in the revised this has been reduced to Rs. 11,22,000 with reference to

Budget.

the actuals of the first nine months of the year. The budget for 1916-17 is Rs. 11,09,000 and provides for no new expenditure.

44. *Interest on Ordinary Debt.*—This is interest payable from the Provincial revenues to the Imperial Government on the amount advanced by the latter to the Provincial Government for loans to cultivators, for advances to co-operative societies, for advances on drainage and embankment schemes, and for loans to notabilities, municipalities (excluding presidency corporations) and district boards.

45. *General Administration.*—The estimate for 1915-16 was Rs. 23,74,000, but in the revised estimate this has been raised to Rs. 24,06,000. The increase is chiefly under Civil Secretariat, due to the adjustment of the charges of the Press Censor to this head instead of to the head "32—Miscellaneous—War Charges," and to larger expenditure under Staff and Household of the Governor owing to the debit to this sub-head of the charges for rates and taxes of Government houses. The estimate for 1916-17 has been passed at Rs. 24,36,000. It includes provision for the Press Censor (Rs. 45,000); for rates and taxes of Government houses (Rs. 38,356); and the balance of the non-recurring grant for furniture of Government houses (Rs. 10,000).

46. *Law and Justice—Courts of Law.*—The estimate for 1915-16 was Rs. 1,01,24,000, but the revised estimate has been raised to Rs. 1,05,40,000 with reference to the actual charges of the first nine months of the year. The increase was partly under "Law Officers," due to large payments of lawyers' fees in connection with political cases, and partly under "Civil and Sessions Courts," caused by the appointment of additional District and Sessions Judges, by charges under the Defence of India Act in connection with political cases, and by the payment of grain compensation allowance for which provision was made under "32—Miscellaneous." The estimate for 1916-17 is Rs. 1,00,20,000. The decrease is due to provision having been made for 13 instead of 19 judges of the High Court and some reduction in the establishment and contingent charges of the Appellate Side, owing to the creation of a separate High Court at Patna. The budget includes the following provisions:—

	Rs.
Contract allowance of Rs. 1,000 a month to Mr. Haydn for the supply of typewritten transcripts of the evidence of witnesses given in one court of the Calcutta High Court ...	12,000
Additional Legal Remembrancer and his establishment and contingencies ...	35,000
Additional grant for fees to pleaders in criminal cases in the mufassil ...	55,000
Two probationary officers for the Juvenile Court and Detention House for Juvenile Offenders ...	1,200
Four posts of District and Sessions Judges sanctioned by the Secretary of State ...	1,16,107
Establishment for ditto ...	12,000
Additional grant for allowances to jurors and assessors ...	7,000
Additional grant for diet and travelling expenses of witnesses ...	10,000

47. *Jails.*—The estimate for 1915-16 was Rs. 21,95,000 against Rs. 23,50,828, the actuals of 1914-15. In view of the actuals of the first nine months of 1915-16, the revised estimate for the year has been raised to Rs. 24,31,000. The increase is due to larger charges for diet and for the purchase of clothing owing to a greater influx of prisoners and also to larger outlay on raw materials and European stores for manufactures required by the Military Department. The budget for 1916-17 is Rs. 25,50,000. It includes larger provision for dieting charges; a lump provision of Rs. 50,000 for revision of the warders' establishment, and Rs. 25,000 for temporary accommodation required in the several jails to meet overcrowded conditions.

48. *Police.*—The following table compares the charges under this head :—

In view of the actuals of the first nine months of 1915-16, the revised estimate has been placed at Rs. 1,10,26,000. The increase is mainly due to the adjustment of charges on account of grain compensation allowance by transfer from “32—Miscellaneous,” and partly also to the appointment of another Deputy Inspector-General and the deputation of officers to special duty. The estimate for 1916-17 is Rs. 1,11,12,000 and includes the following charges :—

49. *Ports and Pilotage.*—The estimate for 1915-16 was Rs. 14,76,000, but in the revised estimate this has been reduced to Rs. 14,05,000, due to less payments to pilots owing to the partial suspension of trade. The estimate for 1916-17 amounts to Rs. 13,30,000 and generally follows the revised, with reduced grants for victualling officers and men afloat and for the purchase of marine stores. It includes Rs. 1,50,000 for a grant to the Chittagong Port Trust and Rs. 20,000 for charges for the hire of vessels for towing the yacht *Rhotas* during His Excellency's river tours.

The decrease is chiefly due to the non-utilization to the full extent of the Imperial grants, and to the transfer of some grants to the Public Works Department for the construction of buildings, chiefly the Dacca University, the University Institute Calcutta,

the Baker Madrasa Hostel and the *guru*-training schools in Thakurgaon and other places. The budget for 1916-17 includes the following items :—

51. *Medical.*—The budget grant for 1915-16 was Rs. 36,13,000. This has been reduced to Rs. 27,52,000 in the revised estimate with reference to the actuals of the first nine months of the year. The decrease is chiefly due to savings in the grant for expenditure on sanitation and also to the transfer of a portion of the grant to the Public Works Department, to Municipalities and District Boards to the head "45—Civil Works," and non-utilization of the grants for the School of Tropical Medicine and medical relief. The estimate for 1916-17 is Rs. 28,25,000 and includes the following items :—

	Rs.
Local allowance for Civil Surgeon, Alipore, for charge of the Venereal Hospital	1,800
Clinical laboratory assistant for Medical College	1,020

52. *Political*.—The estimate for 1915-16 was Rs. 30,000, but in the revised estimate this has been reduced to Rs. 24,000 with reference to the actuals of the first eight months of the year. The decrease is due to the post of the Political Agent, Hill Tippera, having remained vacant from December 1914 to July 1915. The budget for 1916-17 is Rs. 23,000.

53. *Agriculture*.—The estimate for 1915-16 was Rs. 11,17,000, but with reference to the actuals of the first nine months of the year the revised estimate has been raised to Rs. 11,61,000. The increase is due to the expansion of the operations of the Agricultural Department as well as to the appointment of additional auditors and an additional grant for travelling allowances in the Co-operative Department. The budget for 1916-17 is Rs. 11,29,000 and includes the following items of expenditure :—

	Rs.
Deputy Superintendent for the Veterinary Department	2,400
Allotment for travelling allowance of ditto	2,000

Additional grant for travelling allowance of the officers of the department	5,000

54. *Scientific and other Miscellaneous Departments*.—The total charges under this head for 1915-16 were originally estimated at Rs. 5,05,000, but in the revised estimate this has been reduced to Rs. 4,64,000 with reference to the actuals of the first nine months of the year. The decrease is due to savings in the grant for contingencies of the Cinchona factory, to the post of the Certifying Surgeon being vacant for some time, to smaller expenditure on fishery experiments and to savings in the office of the Registrar of Joint Stock Companies, the post of the Assistant Registrar being vacant for some time

Budget.

and the office removed to Government buildings. The estimate for 1916-17 is Rs. 6,44,000 and includes the following provisions :—

	Rs.
Expenditure on the development of industries ...	1,00,000
Director of Industries ...	30,000
Additional grant for stores for Cinchona factory ...	7,500

Cost of the removal and repairs of the office of the Assistant Superintendent of Emigration and other sheds to a different site ...	1,100
Travelling allowance of Muhammadan Marriage Registrars ...	1,000

55. *Superannuation.*—The estimate for 1915-16 is Rs. 34,29,000, but in the revised estimate this has been reduced to Rs. 31,73,000 owing to smaller expenditure on commutation of pensions and retired allowances. The estimate for 1916-17 is Rs. 33,71,000, and includes two lakhs for commuted value of pensions and an increased provision of Rs. 75,000 over the revised estimate for superannuation, as the charges under this head rise yearly as the number of pensioners increases.

56. *Stationery and Printing.*—The estimate for 1916-17 is Rs. 13,48,000 against Rs. 13,87,000 and Rs. 13,17,000, the budget and revised estimates for 1915-16 respectively, and Rs. 12,69,717, the actuals of 1914-15. The following table compares the figures :—

HEADS.	Actuals, 1914-15.	Budget estimate, 1915-16.	Revised estimate. 1915-16.	Budget estimate. 1916-17.

Total ...	12,69,717	13,87,000	13,17,000	13,48,000

The Forms Department has been amalgamated with the Presidency Jail Press from the beginning of 1915-16. The savings in 1915-16 under Government Presses were chiefly under overtime and contingencies. The decrease under Presses in 1916-17 is due to smaller requirements of European stores for the Presidency Jail Press.

57. *Miscellaneous.*—The budget estimate for 1915-16 was Rs. 10,16,000, but in the revised estimate this has been reduced to Rs. 6,58,000. The reduction is chiefly due to the adjustment under the appropriate heads of the expenditure on grain allowance and the charges sanctioned by His Excellency from the provision for petty grants, and to the reappropriation of the reserve provision of Rs. 1,50,000 in order to meet expenditure under other heads. Against these transfers an additional grant of

Budget.

Rs. 2½ lakhs was sanctioned under Gratuitous relief. The estimate for 1916-17 is Rs. 12,28,000 and includes the following items :—

	Rs.
Gratuitous relief	2,25,000
Allotment for petty grants by His Excellency ...	1,00,000
Ditto for grain allowance	4,00,000
General Reserve	2,00,000
Guarantee charges for telegraph lines	13,000
Subscription to the <i>Moslem Hitaishi</i>	9,516
Rewards for proficiency in Oriental languages ...	10,000

58. *Irrigation Major Works (Working expenses).*—The actual expenditure during 1914-15 was Rs. 2,57,700 and the estimate for 1915-16 was Rs. 2,67,000, but in view of the actuals of the first nine months of the year the revised estimate has been reduced to Rs. 2,00,000. The decrease is chiefly due to reduced expenditure on maintenance and repairs of the Midnapore Canal. The budget for 1916-17 has been placed at Rs. 1,90,000 which is the minimum required to keep the canals in an efficient state of working. No expenditure is anticipated on silt clearance in the Hijili Tidal Canal. The Provincial share (one-half) is Rs. 95,000.

59. *Irrigation Minor Works and Navigation.*—The actual expenditure during 1914-15 was Rs. 27,39,694, and the estimate for 1915-16 was Rs. 22,92,000, but in view of the actuals of the first nine months of the year this estimate has been reduced to Rs. 22,50,000 in the revised estimate. The decrease is under Agricultural and Drainage works. The estimate for 1916-17 is Rs. 20,92,000 and includes the following items :—

	Rs.
Creating a spill from the Bidyadhari river ...	1,00,000
Constructing an embankment with sluices along the south side of the Madaripur Bhil Channel	1,00,000
Dredging the Lower Kumar river at Char Maguria	50,000
Training works in the river Ganges	10,000
Dredging the Bhagirathi entrance	15,000
Completing the new head works of the Eden Canal	15,000
Training works in the Dhaleswari and Buriganga rivers by bandelling	35,000

The creation of a spill from the Bidyadhari river is a work of extreme urgency : if it be deferred for even two or three years the removal of the Calcutta Sewage outfall and the stoppage of all navigation through the Dhappa lock at an expenditure which can barely be estimated—certainly not less than a crore of rupees—will have to be faced. The Provincial share is one-half and amounts to Rs. 11,25,000 for 1915-16 and Rs. 10,46,000 for 1916-17.

60. *Civil Works in charge of the Public Works Department.*—The estimate for 1915-16 was Rs. 64,88,000, but in the revised estimate this has been raised to Rs. 68,00,000 on account of expenditure of the special grants sanctioned during the year for the Dacca University, Calcutta University Institute, Baker hostel, *guru*-training schools and several other projects. The estimate for 1916-17 is Rs. 52,60,000, and is distributed as shown below.

61. *Civil Works in charge of Civil Department.*—The estimate for 1915-16 was Rs. 22,09,000, but in the revised estimate this has been raised to Rs. 22,56,000. The increase is due to the special grants sanctioned for digging tanks in the affected areas of Bankura and Tippiara; Rs. 42,017 to the Calcutta Corporation for the fringe area drainage and Rs. 7,500 for water-supply in Bankura Municipality against savings in the allotments at the disposal of the Divisional Commissioner and the District Magistrates as well as to the transfer of a portion of their grants to Education and Medical. The estimate for 1916-17 amounts to Rs. 11,40,000 and includes the following:—

Revised based on the actuals of the first nine months.

Increase due to extra expenses for manning the steamer *Guide* up to seagoing standard for employment on station duty at Port Blair.
Increase in revised is due to rise in the price of food-stuffs.
The charge is now adjusted against State yacht establishment shown below.
Decrease is due to the dislocation of seaborne trade which has reduced the earnings of pilots.
Decrease in revised is due to the post of the Deputy Port Officer remaining vacant for some time and also to saving on account of house allowance of the Engineer and Shipwright-Surveyor.
Increase is due to adjustment under this head of the charges for hire of vessels in connection with His Excellency's tour.

Increase is under salaries

Budget includes larger grant for diet and clothing, and rents, rates and taxes.

Decrease due to the permanent Chemical Examiner being on military duty.
The actuals of 1914-15 included Rs. 50,000 refunded to the Indian Research Fund Association, being the amount contributed by that body for jungle-clearing.

Decrease in revised is due chiefly to non-utilization of the full grant and partly to transfer of charges to the Public Works Department and to the head Civil Works in charge of Civil officers.

These grants will not be utilized in 1915-16.

Revised based on nine months' actuals.

Presidency Police ... Creation of a third Armed Police Company for Calcutta.	...	...	-				Owing to the prevalence of dacoities by dacoits in motor cars, the security of the public offices in Calcutta (<i>e.g.</i> , the General Post Office treasury, Collectorate, Small Cause Court treasury, Calcutta Custom House treasury, etc.) has to be ensured by posting armed guards and this cannot be done without an additional company of armed police. The sanction of the Government of India has been applied for and a lump provision of Rs. 25,000 made to meet the charge. The recent cases of dacoity in the city by armed bands in motor-cars have rendered it necessary that all Inspec- tors and Sub-Inspectors should be armed with revolvers. It has therefore been decided to ask the Government of India to sanction the supply of 140 revolvers and 2,000 rounds of revolver ammunition and a provision of Rs. 5,646 has been made in next year's budget on this account.
Ditto ... Supply of arms to Inspec- tors and Sub-Inspectors.	5,646		5,646	5,646		5,646	The work of the office has greatly increased in recent years, and in view of the recent abnormal development of anarchical crime, an increase of staff to cope with the work is necessary. It is necessary to increase the police force employed on the Sealdah section of the Eastern Bengal Railway as crime has in recent years developed in several police stations. Extra staff is also necessary for adequate police arrangements in the Sealdah Station which, under the new arrangements, has three separate blocks of platforms with separate booking offices, waiting halls, hackney carriage stands, etc.

The scheme was placed in the optional schedule No. 1915-16, but on account of financial stringency nothing could be provided.

It is now proposed to make a lump provision of Rs 8,000 for this so as to give partial effect to the scheme.

*Budget—Resolution.**Mr. Beatson Bell; Maulvi Musharraf Husain.*

He said :—

“My Lord, I present to the House the budget of the Government of Bengal for 1916-17. There has been no change in the figures since the Budget was last before the House. I need not say anything further at this stage.”

LIST OF BUSINESS—ITEM NO. 3.**RESOLUTION.***(Under the Rules for the discussion of matters of general public interest.)*

The Hon'ble Maulvi Musharraf Husain, Khan Bahadur, moved the following resolution :—

This Council recommends to the Governor in Council that early steps be taken to amend the Court of Wards Act, 1879 (Ben. Act IX of 1879), with a view to extend the provisions of that Act so as to protect and bring under the direct management of Government the properties of minor children of tenureholders and other disqualified members among such tenureholders.

He said :—

“My Lord, the Court of Wards Act at present protects the disqualified proprietors of an estate which ordinarily means the right held by a landlord directly under Government. Anybody acquainted with the land tenure of Bengal knows that, besides the right of zamindars over a land, there exist subordinate rights which are permanent and which to all intents and purposes are as good rights over the land as that of a zamindar, which are usually held by pattanidars, dar-pattanidars, rent-free and other tenureholders. The Government of Bengal, as early as 1859, provided for the protection of the minor children of a proprietor and other disqualified members among them by taking up the management of their estates directly under Government and saving the property from ruin. But no such provision has been made for the direct management by Government of the properties of the minor children of tenureholders and other disqualified members among these tenureholders. The Guardians and Wards Act provides for the appointment of a guardian of the person and property of a minor. These guardians are generally appointed on the application of the persons who want to be the guardians themselves. One can easily understand the motive of such volunteer guardians. Without criticizing a class, I simply want to say that the majority of such persons mismanage the property and ruin the interest of the persons whose property they have volunteered to protect. Some sixty years ago when the Court of Wards Act was enacted, the value of the land in Bengal was very small. The rights subordinate to that of a zamindar, however permanent they might have been, were of very little value. But things have altered. The tenures have become valuable properties. It has become necessary that these tenures should be better protected. However some may disagree as to the quality of the management of the Court of Wards, it is admitted by all that its existence is a necessity and in spite of its shortcomings, which every human institution must have, it has succeeded in persuading people to believe that the management of the Court of Wards has really saved many a family from ruin.

I invited the opinion on my proposed amendment of the said Act from all chairmen of municipalities, vice-chairmen of District Boards, secretaries, Anjumani-Islamia, and Government pleaders of this Presidency. All the replies that I have got up to date recognise the necessity of the proposed amendment, and urge me to move the same in the Council and wish me every success. I have received replies from 28 municipalities and eight District Boards, and of these 28 municipalities, all of them accept the principle, and only one or two of them want a little modification. I will read only a few opinions out of the many that I have received on this point.

The Chairman of the Chittagong Municipality says : ‘Under the Board’s proceedings of 11th March, 1882, No. 80, Collection 4, File 311,

*Resolution.**Maulvi Musharraf Husain.*

the Noabad Talooks on the estate, the property of Government, which is known as Government Noabad Mahal in Chittagong, are deemed as 'estate' as described in clause 2, section 3 of Act VII (B.C.) of 1876. It will further appear that such Noabad tenures of Chittagong would be included within the term 'estate' as defined by section 3 of Act IX (B.C.) of 1879 (Court of Wards Act); consequently holders of such tenures, if disqualified, would be in a position to take advantage of the provisions of that Act.

As the Government extended the protection afforded by the Court of Wards Act to Noabad tenures of Chittagong it is hoped that Government may be moved to extend the same protection to the disqualified holders of other tenures.

I am therefore distinctly of opinion that it would be advisable to endeavour to extend the operation of the Court of Wards Act for the protection of the minor children of the tenureholders and other disqualified members among them.'

The Chairman of the Comilla Municipality says that if the Act is extended to make provision for placing the properties of minors and disqualified tenureholders under the management of the Court of Wards, a large number of properties will doubtless be saved from ruin.

The Chairman of the Burdwan Municipality says :—

'I fully agree with you in the view that the law ought to be amended so as to extend its operations to safeguard the interests of the minor children of the tenureholders and other disqualified members among them in the same way as it does to disqualified proprietors of estates. The former constitutes the general mass of the population, and I am sure you will have the hearty support and concurrence of all right-thinking persons in the country in this your generous endeavour to ensure the protection of the general mass of the population.'

The Chairman of the old Malda Municipality says :—

'The supported measure would meet with the approval of many people as it is desirable that the protection provided for in the Act for the landholders should be extended to tenureholders as well.'

Your Excellency will see that my measure has got the hearty support and approval of my countrymen. With such support, I beg to ask the official and non-official members of this Council to consider my resolution in a dispassionate manner. When I entered this Council Chamber, I was told that this measure can only be opposed or objected to by one influential class of persons, and they are the zamindars. With reference to the opposition that might come from that quarter I beg to state that the tenureholders or the general mass of the population are not asking for any right which will be taken away from the zamindars, such as, for instance, the right of the transferability of the occupancy holding. I could understand that such a proposal might be vehemently opposed by the zamindar. But my resolution amounts to a purely protective measure. It will not give any right to one class of people by snatching it away from another class. And if the middle class people want this protection at the hands of the benign Government. I do not think that any right-thinking person can oppose Government granting any such protection to this class of persons. Of course the tenureholders get some protection under the Guardians and Wards Act. The protection which the Civil Courts render under the Guardians and Wards Act is a very round about one. The influential class of zamindars is receiving protection in a fair and definite way by the Court of Wards Act, and I do not understand why the tenureholders should not get the same sort of protection. These tenureholders are as good subjects of the King-Emperor as the other classes are. If they want any protection from Government, I do not understand why they should not get it. I beg to submit that this measure will do no harm to anybody, but will do good to a large number of individuals.

Resolution.

Mr. Beatson Bell; Babu Ramtaran Banerji.

With these few remarks, I beg to commend this resolution for the acceptance of the Council."

The Hon'ble MR. BEATSON BELL said :—

"My Lord, it will be convenient if I state very briefly the attitude of the Government towards this resolution. My friend, the Hon'ble Khan Bahadur, has been propounding theories of a somewhat socialistic character. At the back of all his arguments lies the proposition that it is the duty, or the privilege, of Government to manage the business of every man who is making a mess, or is likely to make a mess, of his own business. This is a far-reaching doctrine, and we must really consider, in the case of each class of business, what limits should be applied to the doctrine. So far as landed property is concerned, it is, I think, a historical fact that the Court of Wards was instituted not for the purpose of helping every landlord of every degree who has got into a mess but simply for the purpose of realising public revenue with proper punctuality, but at the same time with the least possible hardship in the case of ladies and minors and other persons in a similar position. It therefore behoves us to consider very carefully before we extend the Court of Wards Act from proprietors, that is to say, from revenue-payers, to other classes of landlords. We have an open mind upon this question, subject only to a natural desire to make no amendment unless it is really called for. I do not know whether my friend is aware that there are few provinces in India in which this privilege has been extended to classes other than zamindars. Before we do anything, we must ascertain the opinion of the zamindars—both the individual opinion of the great zamindars and the considered opinion of the zamindari societies. If these zamindars, individually and collectively, are anxious that the privilege, which has hitherto been confined to themselves, should be extended to those subordinate to them, we shall give due weight to such an expression of opinion. We must also consult the body which is immediately concerned, I mean the Court of Wards itself or, in other words, the Hon'ble Board of Revenue. The Board will no doubt consult experienced Commissioners, Collectors and managers and will give a most important opinion on the whole case.

I have been interested to learn that the Hon'ble Khan Bahadur has been consulting Municipalities and District Boards on this question. The opinions of the Municipalities and District Boards are, no doubt, interesting, but I may say without any disrespect that the question hardly concerns them ; it is a question mainly for the Court of Wards, for the experienced officers of the Government, for the zamindars and tenureholders themselves to consider in all its bearings. Therefore, if my friend slightly modifies his resolution and instead of the word 'amend' he inserts the words 'obtain official and non-official opinion on the advisability of amending' we are at once prepared to accept the resolution. If, on the other hand, the Hon'ble Khan Bahadur desires to go on with his resolution in the form in which it stands, I have only to say that the official members will stand aside from the discussion and will allow it to be debated and voted on by the non-official members."

The Hon'ble BABU RAMTARAN BANERJI said :—

"My Lord, I am in strong sympathy with the object which the Hon'ble mover of the resolution has in view. But I am afraid the resolution ought to be amended in order that its intention may be more clearly expressed. The object, I take, is to secure to disqualified holders of tenures the same protection as has been conferred upon disqualified proprietors of estates ; if so, the protection attaches to disqualified holders of tenures who have come to own them by succession or otherwise, and not to the minor children of, or other disqualified members amongst, such tenureholders, as the words of the resolution purport to say. If this is the intention of the Hon'ble mover, it may be expressed by substituting the words 'the properties of disqualified tenureholders' in the place of 'properties of minor children of tenureholders etc., etc.' Moreover, under the Court of Wards Act, the management of the estate of a disqualified proprietor is vested not in Government, but in the

*Resolution.**Maulvi Musharraf Husain ; Mr. Beatson Bell.*

Board of Revenue which has, under the said Act, been constituted the Court of Wards and is vested with the jurisdiction to take charge of the person and property of every such proprietor. I would suggest that it would be more appropriate to use the words 'Court of Wards' in the place of the word 'Government'.

The Sovereign is the *parens patriæ* and the Court exercises paternal power in the case of infants and persons of unsound mind. The principle fairly applies equally to cases of proprietors of estates as well as tenureholders though in the case of the former the interest of Government revenue and other considerations have led to an express enactment.

The case of proprietors of other landed interests seems not to have been entirely overlooked. Section 10 of the Court of Wards Act to some extent furnishes the remedy which the resolution aims at.

The section provides that whenever a Civil Court is satisfied that an order for the appointment of the guardian of a minor should be made or removes the guardian of a minor or adjudges a person to be of unsound mind, the Civil Court may apply to the Court of Wards to take charge of the person and property of such disqualified proprietor. This provision empowers the Civil Court to apply to the Court of Wards in the case of a disqualified person, whose estate consists in whole or in part of land or any interest in the land. The section has been interpreted to apply also to cases of persons whose property does not consist of revenue-paying estates. This will enable disqualified tenureholders to have their estates placed under the Court of Wards. No doubt it is discretionary with the Court of Wards to take charge or not on the application of the Civil Court, but there is no reason to suppose that the discretion will not be properly exercised when the occasion arises. The question raised is of some importance and requires good deal of consideration and I would unhesitatingly adopt the view of the Hon'ble Mr. Beatson Bell."

The Hon'ble KHAN BAHADUR MAULVI MUSHARRAF HUSAIN said :—

"My Lord, I beg to accept the amendment suggested by the Hon'ble Mr. Beatson Bell."

The Hon'ble Mr. BEATSON BELL said :—

"My Lord, I agree with the Hon'ble Babu Ramtaran Banerji that the words 'Court of Wards' should be substituted for the word 'Government' and 'minor children of deceased tenureholders' for 'minor children of tenureholders'."

The motion was then put in the following modified form and agreed to.

This Council recommends to the Governor in Council that early steps be taken to obtain official and non-official opinion on the advisability of amending the Court of Wards Act, 1879 (Bengal Act IX of 1879), with a view to extend the provisions of that Act so as to protect and bring under the direct management of the Court of Wards the properties of minor children of deceased tenureholders and other disqualified members among such tenureholders.

ADJOURNMENT.

The Council was then adjourned to Monday, the 3rd April, 1916, at 11 A.M.

Acts of the Indian Legislative Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 20th March, 1916, and is hereby promulgated for general information :—

ACT No. VIII OF 1916.

An Act further to amend the Presidency Banks Act, 1876.

Secretary of State for India in Council under the authority of an Act of Parliament and charged on the revenues of India."

XI of 1876. WHEREAS it is expedient to amend the Presidency Banks Act, 1876; It is hereby enacted as follows :—

1. This Act may be called the Presidency Banks (Amendment) Act, 1916.
Short title.

XI of 1876. 2. In the Presidency Banks Act, 1876 (hereinafter called the said Act), the following amendments shall be made, namely :—
Amendment of sections 36 & 45, Act XI of 1876.

(i) After clause (2) of paragraph (a) of section 36, the following clause shall be inserted, namely :—

"(2A) India three-and-a-half per cent stock, India three per cent stock, India two-and-a-half per cent stock, or any other capital stock which may, at any time hereafter, be issued by the

(ii) In paragraph (d) of section 36 and in section 45, for the words and figures " clauses (1), (2), (3) and (4)," the words and figures " clauses (1), (2), (2A), (3) and (4) " shall be substituted.

3. Any reference in the said Act to section 36, paragraph (a), Nos. (1) to (5) inclusive, shall be deemed to include a reference to section 36, paragraph (a), clause (2A).
Construction of section 36, paragraph (a), Nos. (1) to (5) inclusive, shall be deemed to include a reference to section 36, paragraph (a), clause (2A).

4. Any business carried on or transacted, or investment made prior to the commencement of this Act which, if this Act had been in force, could have been validly carried on, transacted or made, is hereby validated.
Validation of past transactions.

STATEMENT OF OBJECTS AND REASONS.

THIS Bill proposes to amend the Presidency Banks Act, 1876 (XI of 1876), so as to include India Sterling Stock among the securities in respect of which, or on the security of which, the Presidency Banks are authorised to transact business. The Presidency Banks have, in the past, been under the impression that clauses (1) and (2) of paragraph (a) of section 36 of the existing Act already confer the power to transact business in this class of stock, and India Sterling stock purchased in this belief is already held. The fact that the existing law does not specifically confer the power in question came to their notice incidentally in connection with the recent amendment of the Indian Trusts Act, 1882 (II of 1882).

2. It is considered desirable to make the amendment proposed not only in order to validate past transactions of the Presidency Banks, but also because India Sterling Stock, no less than securities of the United Kingdom which are already recognised, clearly belongs to the class of securities in which the Presidency Banks should be authorised to transact business. The present Bill provides for the necessary amendment of section 36 of the Act, and also for certain consequential amendments in the Act which are self-explanatory.

A. P. MUDDIMAN,
Secretary to the Government of India.

GOVERNMENT OF INDIA.
LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 21st March, 1916, and is hereby promulgated for general information :—

ACT NO. IX OF 1916.

An Act further to amend temporarily the Indian Paper Currency Act, 1910.

II of 1910. WHEREAS it is expedient further to amend, temporarily, the Indian Paper Currency Act, 1910 ; It is hereby enacted as follows :—

1. (1) This Act may be called the Indian Paper Currency (Temporary Amendment) Act, 1916.
Short title and extent.

(2) It shall be in force during the continuance of the present war and for a period of six months thereafter.

II of 1910. 2. Section 22 of the Indian Paper Currency Act, 1910 (hereinafter called the said Act), shall be construed as if for the words " forty millions " in the proviso to that section, the words " one hundred millions " were substituted.

3. Notwithstanding anything in sections 19 and 22 of the said Act, the Governor General in Council may direct that currency notes shall be issued for an additional amount, not exceeding at any time sixty millions of rupees, against Treasury Bills, as

defined in the Treasury Bills Act, 1877, equivalent 40 Viot., c. 2. in value thereto and held by the Secretary of State for India in Council as a reserve to secure the payment of such notes or of other currency notes of like amount.

4. Notwithstanding anything to the contrary in the said Act, any securities created by the Government of India and issued to the Head Commissioner of Paper Currency shall, for the purposes of the said Act, be deemed to be securities purchased by the Governor General in Council and the market-price, on the day such securities are issued to the Head Commissioner of Paper Currency, of similar securities shall be deemed to be the price at which the securities so created were purchased ; and all references to securities so purchased, wherever occurring in the said Act, shall be deemed also to refer to securities so created, and all references to sums expended in such purchases or to prices paid therefor shall be deemed, in the case of securities so created, to refer to such market-price, and the said Act shall be construed accordingly.

5. The Indian Paper Currency (Amendment) I of 1916. Repeal of Ordinance I of 1916. Ordinance, 1916, is hereby repealed.

STATEMENT OF OBJECTS AND REASONS.

The Indian Paper Currency (Amendment) Ordinance, 1916 (I of 1916), enabled the power of increasing the Paper Currency investment which was conferred by the Indian Paper Currency (Temporary Amendment) Act, 1915 (V of 1915), to be exercised, when desired, by means of (a) an increase in the sterling investment of the reserve, or (b) the creation of rupee debt *ad hoc*, thus facilitating transactions connected with the sale of the Secretary of State's bills, and also enabling full effect to be given to the original purposes for which Act V of 1915, already mentioned, was passed.

2. As the latter Act continues in operation during the war and for six months thereafter, and the duration of the recent Ordinance will expire six months after its promulgation, it is proposed in this Bill to re-enact the Ordinance in the form of a temporary Act having the same currency as Act V of 1915.

3. While thus confirming the powers previously taken, which relate primarily to investment in the ordinary sense, the proposed Bill confers on the Government of India the new power, independent of the investment limits already laid down, of issuing currency notes up to a maximum limit of £4 million against British Treasury Bills held by the Secretary of State. British Treasury Bills are designated for this purpose because, by the Statute under which they are issued, their currency is limited to a maximum period of twelve months, and their consequent steadiness of value and the readiness with which they can be realised render them specially suitable as a temporary substitute for gold. The new provision now proposed thus differs from the ordinary provisions relating to investment, which contemplate a more or less permanent looking up of the funds invested.

DEPARTMENT OF AGRICULTURE, BENGAL.

Forecast of the *Rabi* Crops of Bengal for 1915-16.

(NOTE.—On the average of the five years ending 1913-14, the area under summer rice in Bengal represents some 0·5 per cent. of the total area under rice in British India.)

Character of the Season.—Although the rainfall during September and October was somewhat in defect in the greater part of the Province, sufficient moisture was left in the soil for carrying on the sowing operations in usual time. There was scarcely any rainfall during the last week of October and the first two weeks of November. The growth of the crops was in consequence retarded, but the situation was somewhat improved by the good rainfall in the third week of the latter month. A period of drought, however, followed which extended up to the middle of February. During the last two weeks of this month light scattered showers fell all over the Province, but the rainfall so late in the season was not of much use, as the crops had already suffered considerably. The weather conditions may be on the whole regarded as unfavourable.

Acreage.—The normal area under the different *rabi* crops in the Province dealt with in the forecast is estimated at 3,959,700 acres. The area actually sown this year is reported to be 3,025,600 acres against 3,124,800 acres (revised) last year, or a decrease of 99,200 acres. The area under summer (*boro*) rice is reported this year to be 404,600 against 375,500 acres (revised) last year, or an increase of 29,100 acres. The most notable increase under this crop this year, as compared with last year's estimate, is reported from Noakhali, viz., 30,000 acres is returned this year against 3,000 acres last year. The increase is attributed to the high price and the insufficient supply of rice obtained last year.

Outturn.—The estimated percentages of outturn in the sixteen districts where *rabi* crops are most important, are as follows :—Nadia 49, Murshidabad 73, Jessore 52, Burdwan 69, Midnapore 80, Rajshahi 66, Jalpaiguri 86, Rangpur 100, Pabna 60, Malda 100, Dacca 79, Mymensingh 73, Faridpur 75, Bakarganj 75, Tippera 76 and Noakhali 71.

According to the estimates of the District Officers, the outturn of the different *rabi* crops for the Province as a whole works out to 75 per cent. against the same percentage of last year.

Accepting 82 per cent. as the outturn of summer rice, the gross yield of the crop for the province on the basis of a normal yield of $13\frac{1}{2}$ maunds of clean grain per acre, is estimated at 3,290,600 cwts. against 3,202,900 cwts. (revised) last year. The increase works out to about 3 per cent. on last year's outturn.

									The decrease in area generally was due to insufficient rainfall. The character of the weather varied in different parts of the districts. The people here got this year a good harvest of winter rice. The decrease in area under other crops was due to want of timely rain. The character of the weather from October to middle of January was not favourable. The excessive rainfall at the beginning of the season retarded the growth of the crops. The weather since then has been favourable.

TIPPERA.	Boro or summer rice ...	18,200	18,200	28,800	100	70	December ...	Not yet commenced	The increase in area under boro paddy was due to failure of winter rice owing to repeated floods this year. There was heavy rain in October and November. The growth of the crops has not been satisfactory. Want of sufficient rain has done some damage to boro paddy. Hence the outturn is below the normal.

The increase in area was due to increased cultivation of boro rice consequent on the high price and insufficient supply of rice during the previous year. The decrease under other rabi pulses and other rabi food-crops was due to contraction of cultivation from an apprehension of insect pests which damaged winter rice, especially in the flooded tracts in the Feni subdivision. The outturn is expected to be poor owing to want of rain.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 3rd April 1916.

Summary.—During the week under report very light to moderate rain fell in a few places only. The preparation of lands for autumn crops is being impeded and sowings are being delayed by the continued absence of rainfall. The mangoe crop is reported to have been damaged to some extent for the same reason. The sowing of *aus* paddy and jute is proceeding slowly in the eastern districts. The harvesting of the spring crops is nearing completion; the outturn is not very satisfactory. The standing crops are not faring well. Fodder scarcity continues to be felt in Bankura. Water scarcity is still being felt in parts of the Bankura and Burdwan districts. Cattle-disease is reported from ten districts. The average price of common rice for the province has risen by about 0·3 per cent., as compared with that of the previous week.

IRRIGATION DEPARTMENT.

The 10th April 1916.

No. 9.—Notification.—In exercise of the powers conferred by section 90 of the Bengal Embankment Act, 1882 (Bengal Act II of 1882), and in supersession of Notification No. 108, dated the 26th February 1884 (published at pages 399-400 of the *Calcutta Gazette* of the 27th *idem*), as amended by Notification No. 11, dated the 16th November 1908, the Governor in Council is pleased to make the following rules for carrying out the provisions of the said Act.

Rules.

1. All estimates for works or repairs or for maintenance of public embankments which are prepared under section 7 or section 47 of the Bengal Embankment Act, 1882 (Bengal Act II of 1882), shall include the estimated cost of all petty establishment employed for watching or guarding embankments and for working sluices.

2. (1) Such estimates shall also include such charges for directing and supervising establishment and for the use of tools and plant as may be directed by the Governor in Council from time to time.

(2) The said charges shall not exceed in all 26 *per cent.* on the estimated outlay on the works or repairs, exclusive of charges for the acquisition of land or for petty establishment. The charge for supervising establishment and tools and plant shall ordinarily be a consolidated one of 10 *per cent.* on the outlay on the works (excluding land and petty establishment), but if in any particular case it is desired to make a higher charge or to reduce or remit the charge altogether, a reference must be made to Government at the time when the estimate is prepared.

3. The Collector shall, previous to submitting a report to the Commissioner under section 11, 19 or 43 of the Act, obtain the written opinion of the Superintending Engineer, which shall form part of the record of proceedings in the case.

No notices regarding new works, the estimated cost of which exceeds Rs. 2,500, shall be published under section 9 of the Act, until the estimates, specifications and plans have received the approval of the Chief Engineer.

4. No estimate referred to in section 49 of the Act shall be transmitted to the Collector, until it has been countersigned by the Superintending Engineer, who shall be responsible that the repairs proposed to be executed are necessary, that it is proposed to execute them in the proper manner and that the rates entered in the estimate are fair and reasonable.

5. The Superintending Engineer shall, on the requisition of the Collector, furnish a written opinion on any work which it is proposed to execute under the Act, causing all necessary surveys to be made.

6. Where the Collector, under the last preceding rule, requires surveys to be made, he shall either cause the estimated cost of the same to be paid to the Engineer, or procure sanction, under the ordinary rules for the disbursement of public money, to the proposed expenditure. Such deposit or sanction shall provide for the salaries and allowances of the Engineers and Surveyors intended to be employed.

7. The Superintending Engineer shall, in any enquiry under section 51 of the Act, on receiving a requisition to that effect from the Collector, give his written opinion as to the boundaries of the lands affected by such works or repairs, and the extent to which they have been benefited or affected. This opinion shall form part of the record of proceedings in the case.

8. Notwithstanding that there is no express mention in section 52 of the Act of objections preferred before the Collector to the Engineer's accounts and certificate of expenses, on the ground that certain lands are not benefited by the works or repairs as specified in such certificate, the Collector shall entertain and consider such objections. As the disposal of such objections will often depend on professional enquiries, the Collector shall ordinarily consult the Engineer and, if necessary, the Superintending Engineer, before passing orders, and the substance of the reference to the Engineer, and of his reply shall form part of the record.

If, on such objection the Collector shall come to the conclusion that any alteration should be made in the certificate which has been signed by the Engineer, under section 51, he may at any time, before making an order charging or apportioning the amount under section 58 of the Act, make such alteration as provided in section 52.

9. When it appears likely that the ordinary procedure under the Act would be attended with grave and imminent danger to life and property, and proceedings are taken by the Collector, under section 25 of the Act, or by the Engineer, under section 29, the Collector shall make an immediate report to the Commissioner, and forward a copy thereof to the Superintending Engineer. In such cases the Commissioner shall lose no time in submitting a copy of the said report, with his opinion thereon, for the orders of Government.

10. All orders passed under section 31 of the Act shall be in writing, and the applicant shall be entitled to receive a copy of the same, free of charge, on application. The Engineer shall delegate to all Public Works Subdivisional Officers the power of receiving applications, under section 31 of the Act, for temporary roadways and temporary water-courses, but no person so appointed shall pass an order for the construction of a temporary water-course, unless he has been specially authorised to do so by the Superintending Engineer. Such authority shall specify the embankments in regard to which only this power is to be exercised. In all cases where an application for a temporary water-course is made to a person appointed by the Engineer, such application shall be submitted to the Engineer for transmission to the Collector. The Engineer, in forwarding applications under this section to the Collector, shall state in writing whether, in his opinion, they can be sanctioned without endangering the safety of the embankment.

11. All Public Works Subdivisional Officers shall be authorised to open or shut sluices under general rules to be issued by the Engineer, with the approval of the Collector. A copy of all rules made under this section shall be transmitted to the Superintending Engineer.

12. Any order to remove an embankment or obstruction, or to repair damage, passed under section 79 of the Act, shall be appealable to the Court to which an appeal ordinarily lies from the decision of the Magistrate who passes the order.

13. The Engineer shall submit to Government, through the Superintending Engineer, an annual report on the state of each Schedule D embankment in his charge on the 1st of April of each year. The report shall contain the following particulars:—

- (a) the original length of the embankment;
- (b) the length as maintained during the year;
- (c) the area it protects;
- (d) the floods during the year;
- (e) how the embankment was affected by the floods of the year;
- (f) the cost of its upkeep;
- (g) whether there has been any encroachment on embankment land during the year; if in the affirmative, what steps have been taken to bring the offender to justice;
- (h) if the crest of the embankment is sufficiently high to protect the lands within from floods in the river.

14. The Engineer in charge shall submit to Government annually, through the Superintending Engineer, a report with plans shewing what embankments, if any, have been erected or added to within any tract included in a prohibitory notification issued under section 6 of the Act.

Such works are to be considered as contribution works and are to be carried out by the Sanitary Engineer's Department under the rules regarding such works in paragraphs 861 to 865 of the Public Works Code except that the provision made for establishment, etc., will be the percentages prescribed in rule 28 (1) hereof or such percentages as the Local Government may from time to time prescribe and need not be the established percentages laid down for the Bengal Presidency.

(2) In addition to the above percentages, the local authority shall bear all law charges on behalf of Government in any suits brought by contractors or others in connection with the execution of any project entrusted to the Sanitary Engineer, in which Government or its officers may be joined as parties with the local authority or its representatives.

14. When drawings, specifications, bills of quantities, forms of tender, and other documents referred to in rule 13 are not prepared by the Sanitary Engineer, such drawings, specifications, etc., shall be submitted to the Sanitary Engineer for his approval in writing before tenders for the contract of such work are advertised for in the public press.

15. Every advertisement for tenders shall briefly describe the works required to be carried out, the place or places where plans and drawings can be seen and copies

19. After the tenders have been opened, they shall be sent for check and scrutiny to the Sanitary Engineer, or, in cases where the District Engineer or any other Engineer in the employ of the local authority is entrusted with the work, to the District Engineer, who shall, in case of difficulty or uncertainty, consult the Sanitary Engineer.

Any alteration or reduction in a tender made by the person making the tender after the same has once been submitted shall (except in the case of a palpable arithmetical error) at once render the tender out of order.

23. If it is found that none of the tenders submitted is satisfactory, or if for any reason it is believed that the conditions of tendering have not been properly understood, so that fair tenders have not been received, all such tenders shall be discharged and fresh tenders shall be advertised for.

24. After a tender has been provisionally accepted, it shall be submitted to the Sanitary Engineer for final approval, together with all other tenders received for the work, and until such approval has been received no tender shall be finally accepted by the local authority:

Provided that, in case of difference of opinion between the local authority and the Sanitary Engineer in regard to the acceptance of a particular tender, the matter shall, if the local authority so desires, be referred to the Chief Engineer, Roads and Buildings, whose decision shall be final and binding on all parties.

When drawings, specifications, bills of quantities, forms of tender, and other documents referred to in rule 13 are not prepared by the Sanitary Engineer, such drawings, specifications, etc., shall be submitted to the Sanitary Engineer for his approval in writing before tenders for the contract of such work are advertised for in the public press.

15. Every advertisement for tenders shall briefly describe the works required to be carried out, the place or places where plans and drawings can be seen and copies of the specifications and forms of tender obtained, the deposit to be paid by any person making a tender, and the date and hour up to which tenders shall be received by the Chairman or the Vice-Chairman of the municipal authority.

16. The plans, drawings, specifications, bills of quantities, forms of tender and advertisements shall be formally approved by the municipal authority in meeting. Whenever the said authority desires to make any alteration in any one of such documents, the Sanitary Engineer shall be informed and his advice obtained with regard to such alteration.

17. All tenders shall be submitted in sealed covers addressed to the Chairman or the Vice-Chairman of the municipal authority, and such officer shall attend in person at the office of that authority or at any other place to which it may be directed that tenders shall be forwarded at the latest hour specified in the advertisement for the receipt thereof. Any tender received after such hour shall be out of order and shall not be accepted.

18. The Chairman or the Vice-Chairman of the municipal authority shall himself open the tenders, shall number each tender and shall note thereon the exact time at which it was opened.

19. After the tenders have been opened, they shall be either—

(a) sent to the Sanitary Engineer, or

(b) in the case of works carried out under rule 10 (2)(a) under the supervision of a municipal engineer approved by the Sanitary Engineer as being competent to advise on these questions, handed to that officer, or

(c) in the case of works carried out under rule 10 (2) (b) under the supervision of the District Engineer, handed to that officer, for check and scrutiny :

Provided that in case (b) or (c) the Engineer of the municipal authority or the District Engineer, as the case may be, shall in case of difficulty or uncertainty consult the Sanitary Engineer.

20. The Sanitary Engineer, or the engineer of the municipal authority, or the District Engineer, as the case may be, shall, after checking and scrutinising the tenders, return them to the municipal authority with his remarks and recommendations.

21. The municipal authority shall thereafter consider the tenders in meeting, and either accept one of them provisionally or, if necessary or desirable, refer the question to the Sanitary Engineer for further advice.

22. No tender shall be accepted which is not in order, is not fully priced out and is not in every way in accordance with the instructions contained in the advertisement inviting such tenders. Any alteration or reduction in a tender made by the person making the tender after the same has once been submitted shall (except in the case of a palpable arithmetical error) at once render the tender out of order.

23. If it is found that none of the tenders submitted is satisfactory, or if for any reason it is believed that the conditions of tendering have not been properly understood, so that fair tenders have not been received, all such tenders shall be discharged and fresh tenders shall be advertised for.

Discharge of tenders and advertisement for fresh tenders.

24. After a tender has been provisionally accepted, it shall be submitted to the Sanitary Engineer for final approval, together with all other tenders received for the work, and until such approval has been received no tender shall be finally accepted by the municipal authority :

Provisional acceptance and submission of a tender to the Sanitary Engineer.

Provided that, in case of a difference of opinion between the municipal authority and the Sanitary Engineer in regard to the acceptance of a particular tender the matter shall, if the municipal authority so desires, be referred to the Chief Engineer, Roads and Buildings, whose decision shall be final and binding on all parties.

25. Cases of works carried out under the complete supervision or control of the Sanitary Engineer under rule 10 (2) (e) shall be governed by the rules contained in Chapter VIII of the Public Works Department Code.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 10th April 1916.

Summary.—During the week under report general rain fell throughout the Province. The fall was somewhat heavy in parts of the Dacca and Chittagong divisions, but light to moderate elsewhere. In some places the rainfall was attended with hailstorm; but the extent of damage was very slight. Ploughing and sowing operations in respect of the autumn crops have now been greatly facilitated. The prospects of the mango and other fruits and vegetable crops have improved. Water scarcity continues to be reported from parts of the Burdwan and Bankura districts. Insufficiency of fodder is still being felt in the latter district. Cattle-disease is reported from seven districts. The average price of common rice for the province has risen by about 0·3 per cent., as compared with that of the previous week.

MEDICAL CERTIFICATES OF NON-GAZETTED OFFICERS OF GOVERNMENT.**FINANCIAL DEPARTMENT.****MEDICAL.**

CALCUTTA, THE 17TH APRIL 1916.

RESOLUTION—No. 1716Medl.**READ—**

Government of Bengal Resolution No. 1096Medl., dated the 23rd July 1910, dispensing with the countersignature of Presidency or Civil Surgeons on medical certificates granted by Private Practitioners whose names appear in the "List of Qualified Medical Practitioners in Bengal."

Also a letter from the Surgeon General with the Government of Bengal, No. 1925—D—3R—26-15, dated the 5th November 1915.

IN accordance with the provisions of Article 833 of the Civil Service Regulations, as amended under the orders of the Government of India contained in the Home Department letter No. 621, dated the 7th June 1910, it was directed in this Department Resolution cited in the preamble that Heads of Departments might, at their discretion, dispense with the countersignature of Civil or Presidency Surgeons on medical certificates granted to non-gazetted officers in the case of certificates given by medical practitioners whose names appear in the "List of Qualified Medical Practitioners in Bengal."

2. The Bengal Medical Act, 1914 (Bengal Act VI of 1914) has since been brought into force, section 30 of which lays down that no certificate required to be given by any medical practitioner or medical officer under any Bengal Act or any Act of the Governor-General of India in Council in force in Bengal shall be valid, unless such practitioner or officer is registered under the Medical Acts or this Act. The Bengal Council of Medical Registration maintains under section 15 of the Act a Register of Medical Practitioners who are eligible under section 17 of the Act for such registration, and publishes annually, under section 32 of the Act, a list, entitled the "Annual Medical List," of the names for the time being entered in the Register of Registered Practitioners. The List of Qualified Medical Practitioners in Bengal has been replaced by this "Annual Medical List." In view of the provisions of section 30 of the Act, and as under section 25 of the Act, a registered practitioner, who gives a false certificate, is liable to have his name removed from the Register and consequently from the "Annual Medical List," the Governor in Council now directs, in modification of the orders contained in paragraph 2 of the Resolution of the 23rd July 1910 cited above, that medical certificates granted to non-gazetted officers of Government by registered Medical Practitioners whose names are borne on the aforesaid "Annual Medical List" shall be accepted without the countersignature of Civil or Presidency Surgeons as the case may be. If, however, the authority concerned doubts the genuineness or veracity of any such certificate, he may institute an enquiry, the result of which shall be reported to the Bengal Council of Medical Registration.

ORDER.—Ordered that a copy of this Resolution be forwarded to all Heads of Departments for information and communication to officers subordinate to them.

Ordered also that a copy of this Resolution be forwarded to all Departments of this Government for information.

Ordered also that a copy of this Resolution be submitted to the Government of India, Home Department, for information.

Ordered also that this Resolution be published in the *Calcutta Gazette* for general information.

By order of the Governor in Council,

J. DONALD,

Secretary to the Government of Bengal.

Of the registration of voters.

4. A register in Form A of all persons qualified to vote shall be prepared by or under the orders of the Chairman as soon as these rules shall have come into force. Such register shall be open to inspection at the Municipal Office by any resident of the Municipality at any time between 11 A.M. and 5 P.M., Sundays and holidays excepted.

5. Not less than 30 days before the date fixed for any general election, the Chairman shall publish the register prepared by him under the last preceding rule at the Municipal Office and relevant extracts from the Register as prepared by him at such other places as he may think fit or as the Commissioners in meeting may direct.

6. Any person whose name does not appear in the register, and who claims the right of voting, may, within seven days of the publication thereof, apply to the Chairman in writing to have his name added to the register or substituted for any name in the register.

7. Any person who considers that any name in the register of voters prepared under rule 4 ought to be omitted, may, within seven days after the publication of the register, apply to the Chairman in writing to have such name omitted.

8. The Chairman shall, not less than 21 days before the date of election, send a letter to every company, body corporate or firm, entitled to vote requesting it to fill in a form, which shall accompany such letter, with the name of the person authorized to vote on behalf of such company, body corporate or firm, and to return the same within seven days. original register containing all the alterations or amendments made in such original register by his order or by order of the Magistrate under the next succeeding rule.

10. Any person whose application under rule 6 or 7 has been refused may, within three days after such refusal, apply to the Magistrate for an order to have his name inserted in, or a name omitted from, the register of voters, and such Magistrate shall, after enquiry, make such order as to the insertion or omission of the name as appears to him to be just; and the Chairman shall, upon receipt of a copy of such order, give effect to the same, and such order shall be final.

Provided that at any time any person whose name is not in the register may apply to the Chairman to enter his name therein, and rules 9 and 10 shall be held applicable to such claim. If such application is made not less than fifteen days before a by-election, it shall be decided in time for such by-election, but not otherwise.

12. It shall not be necessary to publish the register or extracts from the register on the occasion of by-elections, provided that the register shall at all times be open to inspection by rate-payers at the Municipal Office, and that all persons whose claims have been admitted under the preceding rules shall be entitled to vote at such elections. The Chairman shall in the case of each by-election publish a notice stating the latest date upon which claims to be registered will be received.

The Chairman shall publish a list of all candidates in the same form at the Municipal Office not less than seven days before the day fixed for election.

Of the manner of holding elections.

15. The elections and by-elections shall be held on such dates as may be fixed by the Commissioner of the Division, and notified by him in the *Calcutta Gazette*.

16. In the event of the number of candidates for election in the Municipality or in any ward of the Municipality not being greater than the number of vacancies, such candidates shall be deemed to be elected. If the number of candidates exceeds the number of vacancies, a poll shall be held.

17. The poll shall be held at such time and place as the Commissioners in meeting or the Chairman may determine, and the time and place fixed shall be notified, by beat of drum and by the publication of notices, at the same time as the list of candidates is published under rule 14.

18. Each voter shall be entitled to vote for the ward in which he ordinarily resides, and for no other, and to give as many votes as there are vacancies for such ward and no more: Provided that he may give all or any number of the votes to which he is entitled to any one candidate.

19. All votes must be given in person, and no votes will be received by proxy or in writing.

20. The Chairman or other fit and proper person not being himself a candidate for election, deputed by the Chairman for the purpose, shall preside at the election for each ward assisted by a Committee of not less than three and not more than five rate-payers of the ward, nominated by the Chairman. If any of the members of such Committee fail to attend, their place may be filled by the presiding officer from the rate-payers present at the polling station.

21. The presiding officer shall read out the list of candidates and state the number of vacancies, and the names of the voters and the votes given by them shall then be recorded by him, or by the members of the Election Committee under his personal supervision in Form C.

22. No objection to a voter shall be entertained except on the ground that he is not the person under whose name as entered in Register A he claims to vote. Such objections shall be summarily decided by the presiding officer.

23. The presiding officer shall then and there declare such candidates as have the largest number of votes to be duly elected and shall report accordingly to the Chairman, if he is not himself the Chairman:

Provided that, if the majority for any candidate consists only of votes to which objections have been raised, and if the presiding officer has been unable to decide such objections summarily as provided by rule 22, he shall adjourn the proceedings and report the matter to the Magistrate. The Magistrate shall hold such enquiry regarding the disputed votes as shall be necessary, and his decision shall be final. On the termination of such enquiry, he shall declare such candidates as have the largest number of votes to be duly elected.

24.* If there be an equality of votes for the same vacancy, and if the number of vacancies does not admit of all the candidates who have obtained an equality of votes being elected, the presiding officer, or, in the case prescribed in the proviso to rule 23, the Magistrate shall give a casting vote or votes.

25. In the event of any candidate being elected for two or more wards, such candidate shall be at liberty to choose the ward which he will represent, and in every other ward in which the said candidate has been returned, the result of the election shall be determined as if no votes had been recorded for him: Provided that, if there is no other candidate for whom votes have been recorded to fill the vacancy thus caused, a fresh election shall be held.

26. The list of duly returned candidates for the whole Municipality shall be forwarded by the Chairman through the Deputy Commissioner to the Commissioner of the Division for publication by him in the *Calcutta Gazette*.

27. When a Municipal Commissioner is after election found to be disqualified under section 57 of the Act, a bye-election shall be held to fill his place.

28. When the Magistrate is the Chairman, the duties assigned to the Chairman in the foregoing rules shall be discharged by the Vice-Chairman.

29. If in any case such a course appears to the Local Government to be necessary, it may direct that the Magistrate shall perform all or any of the duties assigned by the foregoing rules to the Chairman or the Commissioners in meeting.

General.

30. All disputes arising under these rules shall be decided by the Magistrate, and his decision shall be final.

31. No person in the employment or pay of the Municipality shall, directly or indirectly, engage in canvassing for votes, or otherwise assist in the election of any candidate, otherwise than by giving his own vote. Any breach of this rule will render him liable to dismissal.

32. All costs incurred in the preparation of the register of voters, the publication of notices, the holding of elections, or taking any other necessary action under these rules, shall be payable by the Commissioners out of the Municipal Fund.

15. In calculating the sum to be paid under Rule 12 by a Regular student, the amount of College fees paid by him or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him, had he been a paying student, shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, i.e., he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 12 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. No fees are payable by female students.

19. Holders of a stipendiary scholarship of a value less than Rs. 20 per mensem are not required to pay the annual fee of Rs. 125 for the year in which they hold a scholarship. All other scholarship-holders shall pay the same fees as Regular students.

APPOINTMENT OF A SECOND MUNICIPAL MAGISTRATE FOR CALCUTTA.

MUNICIPAL DEPARTMENT.

MUNICIPAL.

CALCUTTA, THE 18TH APRIL 1916.

RESOLUTION No. 1484 M.

READ—

The Calcutta Municipal Act, 1899. This Government Resolution No. 631 J., dated the 29th January 1901. Letter from the Chairman of the Calcutta Corporation, No. S. 3758, dated the 1st February 1916.

It has been brought to the notice of Government that the number of cases in the Municipal Magistrate's Court has increased to such an extent as to surpass the capacity of a single Court. The

number of cases disposed of by the Magistrate has risen from 8,625 in the year 1901 to 22,497 in 1914-15. The Governor in Council is therefore pleased to sanction, under section 628 of the Calcutta Municipal Act, 1899, the appointment of a second Municipal Magistrate for the trial of offences against the Act cited in the preamble and the rules, by-laws and regulations made under it, and with jurisdiction over the whole of Calcutta (as described in Schedule I of that Act). The second Municipal Magistrate will for the present hold his Court at the Town Hall on and from the 1st May 1916, and will be vested with the powers necessary to enable him to take cognizance of the offences referred to in section 629 of the Calcutta Municipal Act. A notification will be issued vesting the officer selected for the appointment with the requisite powers.

By order of the Governor in Council,

K. C. DE,

Offg. Secy. to the Govt. of Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Special Forecast of the Wheat Crop of Bengal, 1915-16.

(NOTE.—On an average of the five years ending 1913-14, the area under wheat in Bengal has represented some 0·5 per cent. of the total area under wheat in India. This ratio of irrigated wheat acreage to total wheat acreage in (a) British India and (b) in the territory now reported on has, in the five years ending 1913-14, averaged (a) 37·6 per cent. and (b) 16·6 per cent., respectively.)

Explanatory.—This forecast, which shows the final acreage and yield of the wheat crop in Bengal, is published as a special case as was done last year under the orders of Government of India, Department of Revenue and Agriculture, in their Circular No. 3-C., dated 20th March 1916.

Character of the Season.—In the second forecast of the wheat crop, the season up to January was characterised as fair. No rain fell during the first fortnight of February, but during the last two weeks light showers fell almost all over the province. The small amount of rainfall, however, after two and-a-half months of drought, did not materially improve the condition and prospects of the crop. The season, therefore, although it proved satisfactory at the outset, was less favourable at the later stages.

Area Sown.—The total area sown with the crop this year is estimated at 133,600 acres, against 134,100 acres estimated both in the special and final forecasts of last year.

Outturn.—The outturn in the important wheat-growing districts is as follows :—Nadia, 42 per cent., Murshidabad, 75 per cent.; Malda, 100 per cent.; Pabna, 60 per cent. According to the estimate of the District Officers the provincial outturn works out to 78 per cent., against 62 per cent. of the normal, as estimated in the corresponding forecast of last year. Taking the normal yield to be 10½ maunds per acre, the total yield for the province is estimated to be 40,195 tons against 32,100 last year.

Director of Agriculture, Bengal.

	Acre.	Acre.	Acre.				
Nadia	22,100	14,700	16,000	42	42	March. Normal ...	Want of rain throughout the season retarded the growth of the crop and accounts for the low out turn.
Murshidabad ...	69,300	31,800	31,300	67	75	March. Normal ...	The decrease in area as compared with that of last year is due to want of rain. The crop was damaged to some extent by drought and insect-pests. Hence the outturn has fallen below the normal.
Jessore... ..	2,300	1,100	1,100†	54	48	February to March. Normal.	Considerable tracts of land having been submerged under water could not be sown with the crop. Drought checked the growth of the crop and damaged it to a great extent. This accounts for the low outturn.
Burdwan	1,800	2,000	2,000†	75	75	March	A little rain by the end of November benefited the crop at places. The drought prevailing since then is responsible for the outturn falling below the normal.
Birbhum	5,000	4,100	4,100†	67	91	First week of March. Early.	Good rain fell at the sowing time. Drought later on damaged the crop to some extent. Hence the outturn is somewhat below the normal.

Dinajpur	1,000	1,400	1,400†	60	88	Beginning of March. Normal.	The weather was not favourable. Insufficient rainfall accounts for the outturn falling far below the normal.

Rangpur	2,000	2,400	2,400†	80	90	Beginning of March. Normal.	The crop was of stunted growth for want of rain in the latter part of February. This accounts for the outturn falling somewhat below the normal.
Fabna	16,000	12,000	12,000	50	60	Middle of March. Normal.	Want of rain retarded the growth of the crop. Hence the outturn is estimated to be much below the normal.
Malda	60,000	38,000	40,000	60	100	Ditto ...	The increase in area as compared with that of last year is due to favourable weather at the time of sowing. The outturn would have been above the normal if there had been rainfall in the beginning of February.
Faridpur	2,700	2,700	2,700†	83	80	March. Normal ...	The weather was not favourable. Damage to the extent of about 20 per cent. is estimated as due to drought.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR MARCH 1916.

I. *Character of the Season.*—During the last two weeks of the month light scattered showers fell at places. The fall was defective throughout the province. The usual rainfall statement is appended.

II. *Progress of agricultural operations.*—The harvesting of spring crops was proceeding briskly. The cutting and pressing of sugarcane were nearly finished, and the planting for the next year's crops was commenced. The ploughing for and sowing of autumn paddy and jute was going on in the low lands of the Eastern districts.

III. *State of standing crops.*—The state of standing crops was not generally satisfactory owing to drought extending over nearly two-and-a-half months.

IV. *Prospects and probable outturn.*—The prospects and probable outturn of wheat, oilseeds and other standing spring crops were fair.

V. *Damage to standing crops.*—No damage was caused during the month by any natural causes excepting drought.

VI. *Condition of agricultural stocks.*—The condition of agricultural stocks was fair. The number of districts from which cattle disease was reported in the weekly weather and crop reports varied from seven to eleven.

VII. *Failure of pasturage and fodder.*—Fodder scarcity continued to be felt in parts of the Bankura and Noakhali districts. Steps were being taken for its mitigation.

VIII. *Price of food-grains.*—During the second fortnight of the month under review the prices of common rice rose in nine districts, fell in one only and remained stationary in the rest. It varied from 7 seers per rupee at Hooghly to 10 seers at Contai.

IX. *Condition of agricultural people.*—Severe distress continued to prevail amongst the agricultural people in parts of the Bankura districts. Agricultural loans and gratuitous relief were being given. Help was also being rendered by private charitable bodies. In Tippera the situation had a more favourable outlook owing to rainfall throughout the Brahmanbaria Subdivision in the latter part of the month. Water scarcity was also felt in parts of Bankura, Burdwan and Murshidabad.

The total approximate earnings for the half-year as above is Rs. 5,50,051 and it is likely that with miscellaneous items the actuals will amount to Rs. 5,55,000. This is about Rs. 50,000 better than the corresponding period of 1915.
This result is not as good as the estimate made in the last approximate return for February 1916, but this is due to the traffic in March having been less than usual owing to the move from Calcutta being later. Possibly this will be made up for in April.

RESOLUTION ON THE BUDGET ESTIMATES OF THE COMMISSIONERS FOR THE PORT OF CALCUTTA FOR THE YEAR 1916-17.

No. 1172 Marine.

GOVERNMENT OF BENGAL.

MARINE DEPARTMENT.

Dated Calcutta, the 25th April 1916.

RESOLUTION.

READ—

Letter No. 12174, dated 28th March 1916, from the Vice-Chairman, Port Commissioners, Calcutta, submitting the Budget Estimates of Income and Expenditure of the Port Trust for the year 1916-17.

CAPITAL EXPENDITURE.

For the year 1916-17 the Port Commissioners have restricted, under the orders of the Government of India, their capital programme to what is

absolutely unavoidable, viz., to the following works in connection with the Docks Extension scheme—

- (a) The Garden Reach berths.
- (b) New Railway Junction Yard :—such reclamation as is incidental to the removal and utilization of silt dredged from the Docks and the Boat Canal,
- (c) Four-storied warehouse at the Docks.

The total capital outlay will amount to Rs. 70,86,100, which will be met partly from the credit balance of Rs. 53 lakhs on capital account, and partly from funds to be raised from the Bank of Bengal on such conditions as may be determined by the Commissioners and accepted by the Government of India.

REVENUE RECEIPTS.

The revenue for the year 1916-17 (including receipts from the special war-surtax) has been estimated at Rs. 1,56,55,440 as against Rs. 1,64,61,137, the estimate for 1915-16. The earnings, the Commissioners anticipate, will be adversely affected by decreases in the export of coal and the import of Burma rice, but these decreases will, to some extent, be counterbalanced by an improvement in the exports of baled jute, seeds, pulses and manganese ore. The present financial position of the Commissioners does not permit of any modification in the war-surtax, the continuance of which the Bengal Chamber of Commerce admit to be necessary under present conditions.

REVENUE EXPENDITURE.

Excluding the interest and sinking fund charges, the ordinary expenditure of the Trust has been estimated at Rs. 83,16,308 as compared with Rs. 89,62,549, the estimate for the year 1915-16. The expenditure under the heads "Establishment," "Maintenance and Repairs" and "Labour" has been curtailed to the greatest extent compatible with the efficient working of the Trust.

INTEREST AND SINKING FUND.

The charges under this head will amount to Rs. 68,19,540. In arriving at this figure the Commissioners have included a sum of Rs. 1½ lakhs to meet interest charges which may be payable on their borrowings for 1916-17, the terms of which remain to be settled.

A summary of revenue and expenditure as submitted by the Commissioners is given below :—

Secretary to the Govt. of Bengal.

AND EXPENDITURE OF THE HOWRAH BRIDGE FOR THE
YEAR 1916-17.**

No. 1171 Marine.

Government of Bengal.

MARINE DEPARTMENT.

Calcutta, the 25th April 1916.

RESOLUTION.

READ—

Letter from the Vice-Chairman, Port Commissioners, Calcutta, No. 12175, dated the 28th March 1916, submitting the budget estimate of income and expenditure of the Howrah Bridge for the year 1916-17.

Receipts.—The receipts of the bridge are estimated at Rs. 1,85,338 against Rs. 1,92,750, the estimate for 1915-16. The income is mainly derived from a terminal fee of 2 pies per maund on certain goods traffic of the East Indian Railway. The revenue from this source will be affected owing to less taxable traffic being expected during the year.

2. *Expenditure.*—The total ordinary expenditure is estimated at Rs. 2,51,496 against Rs. 2,49,220 in the preceding year. The estimated receipts will fall short of the estimated expenditure by Rs. 66,158 which is to be met from the Bridge Reserve Fund.

3. The Port Commissioners, Calcutta, have also provided for an extraordinary expenditure of Rs. 1,96,846 on extensive renewals to the bridge and of Rs. 36,000 on repairs to the ferry landing-stage at Howrah, both as a charge upon the Reserve Fund. These extensive repairs and renewals are, in the opinion of this Government, urgently necessary to secure the safety of the existing bridge until such time as the new bridge may be constructed. The utilization of a large portion of the Reserve Fund has led to an examination of the financial position of the Howrah Bridge and, as a result of this examination, the Governor in Council has decided to appoint a Committee to consider the whole question. A separate resolution is being issued on the subject of this Committee.

4. His Excellency the Governor in Council approves the Budget estimate, under section 21 of the Howrah Bridge Act, 1871.

By order of the Governor in Council,

F. A. A. COWLEY,
Secy. to the Govt. of Bengal.
